“The Brain and Behavior: Exploring the Pathways Between Psychiatry and Family Medicine”

Come and join us for the...

47th Annual Family Medicine Review Course and the
8th Family Medicine/Psychiatry CME Conference

Fogelman Conference Center
Memphis, TN

March 27—29, 2015

sponsored by
THE UNIVERSITY OF TENNESSEE HEALTH SCIENCE CENTER
DEPARTMENTS OF FAMILY MEDICINE AND PSYCHIATRY

Registration Form online at  uthsc.edu/fammed

The University of Tennessee is an EEO/AA/Title VI/Title IX/Section 504/ADA/ADEA institution in the provision of its education and employment programs and services.
ACCREDITATION
The University of Tennessee, College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

CREDIT
The University of Tennessee, College of Medicine designates this live activity for a maximum of 20.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

LODGING
A block of rooms has been reserved at the University Holiday Inn Hotel, 3700 Central Avenue, Memphis TN 38152, (901) 678-8200, directly across from the Fogelman Executive Conference Center. The special conference rate is $119.00 single/double plus taxes. Please make your own reservations if overnight accommodations are needed and ask for group “University of TN Family Medicine Psychiatry Conference”. Special rates are available until March 10, 2015, or until the block is full, whichever occurs first. Once Holiday Inn’s block is full, Fogelman will be offered at $97.00 per room.

LOCATION
This symposium will be held at the Fogelman Executive Conference Center, 330 Innovation Drive, Memphis, TN 38152.

PARKING
For free parking participants should park in the parking garage next door to the Fogelman Executive Conference Center at 330 Innovation Drive. Please bring in your white ticket to exchange for an exit ticket. Parking in other locations will not be validated.

PURPOSE
The purpose of this joint program is to provide practicing physicians, nurse practitioners, physician assistants and other health care professionals an update regarding selected topics of importance integrating Family Medicine and Psychiatry.

EDUCATIONAL OBJECTIVES
Following this activity, participants should be able to:

- Tap into a patient’s innate ability to recover from psychological and physical adversity.
- Identify and choose the rehabilitation modalities and care plans used to rehabilitate common neurological injuries.
- Use ancillary resources to deal with psychological and social issues facing neurologically impaired patients.
- Identify and use the skills of their Family Medicine colleagues in creating a multidisciplinary team approach with their patients.
- Respond appropriately to a patient with stroke symptoms and participate in a team approach to treat a stroke patient.
- Conduct a meaningful brief neurological examination and interpret its significance.
- Order appropriate imaging to evaluate patients with common neurological conditions.
- Identify and treat depression in post-stroke patients.
- Employ an important tool for differentiating neurological injury from psychological and emotional injury in appropriately selected patients.
