PROGRAM

9:00 am  Registration and Continental Breakfast

9:30 am  Welcome  
  Natalie C. Kerr, MD, FACS

9:45 am  Student and First-Year Resident  
  Case Presentations  
  Moderator: Mary Ellen Hoehn, MD

11:00 am  Questions and Discussion

11:10 am  Break

11:25 am  Resident Research Presentations  
  Moderator: Natalie C. Kerr, MD, FACS

- Microbial Keratitis in Contact Lens Wearers Versus Post-LASIK Patients:  
  A Systematic Review and Meta-Analysis  
  Jordan Masters, MD

- Clinical, Functional and Imaging Findings in Cancer-Associated Retinopathy (CAR) and Optic Neuropathy (CAON)  
  Rebecca Epstein, MD

- Post-Operative Patient Outcomes Using Standard Variables Following Levator Mulllectomy Advancement Ptosis Surgery  
  Kourtney Houser, MD

- Cutler-Beard Procedure for Repair of Full-Thickness Upper Lid Defects  
  Shilpa G. Reddy, MD

12:25 pm  Questions and Discussion

12:35 pm  Lunch

1:35 pm  Departmental Update  
  James C. Fleming, MD, FACS

THE 25TH ANNUAL GEORGE K. KAMBARA, MD DISTINGUISHED VISITING PROFESSORSHIP

1:50 pm  Introduction of the Kambara Distinguished Visiting Professor  
  Natalie C. Kerr, MD, FACS

2:05 pm  THE KAMBARA LECTURE:  
  Primary Congenital Glaucoma Genetics  
  Terril L. Young, MD, MBA  
  Peter A. Duehr Professor and Chair  
  Department of Ophthalmology and Visual Sciences,  
  University of Wisconsin School of Medicine and Public Health, Madison, Wisconsin

3:05 pm  Break

3:20 pm  Precision Medicine and Genomics:  
  How Do We Get There?  
  Robert W. Williams, PhD

3:40 pm  Effects of Pharmacological Modulation of MMP-2 and MMP-9 in Cellular Proliferation, Angiogenesis and Invasive Potential in Retinoblastoma  
  Vanessa Morales-Tirado, PhD

4:00 pm  Visual Outcomes in Children with Dorsal Midbrain Syndrome as a Result of Pineal Tumors  
  Julie K. Calderwood, MD

4:20 pm  Questions and Discussion

4:30 pm  Adjourn

EDUCATIONAL OBJECTIVES

At the conclusion of this conference, the attendee should be able to:

- Discuss genomics and heritability of primary congenital glaucoma.
- Describe clinical, functional and imaging findings in cancer-associated retinopathy and optic neuropathy.
- Differentiate microbial keratitis in contact lens wearers versus post-LASIK patients.
- Describe the Cutler-Beard procedure for repairing full-thickness upper eyelid defects.

ACCREDITATION

The University of Tennessee College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

CREDIT

The University of Tennessee College of Medicine designates this live activity for a maximum of 4.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

DISCLOSURE

No planners or speakers have relevant commercial interests to disclose. This conference did not receive support from any commercial interests.
