COLLEGE of NURSING

presents the

2015 Margaret Newman Distinguished Visiting Professorship

TITLE
Responding to Dynamic Change in Health Care: HEC as the Guiding Framework

SPEAKER
Dorothy A. Jones, Ed.D, ANP, FAAN, FNI, is a Professor of Adult Health at the William F. Connell School of Nursing at Boston College, where she formerly served as Chair of the Adult Health Department from 1995 to 1999. She is a senior nurse scientist and Director of the Yvonne L. Munn Center for Nursing Research at the Massachusetts General Hospital in Boston Massachusetts and past President of the Eastern Nursing Research Society. For more than 30 years she has been involved in Knowledge development, particularly theory developments related to the work of Dr. Margaret Newman’s Health as Expanding Consciousness. She has partnered with other scholars to produce the text Giving Voice to What We Know (Picard and Jones, 2005) to discuss the impact of HEC on education, practice and research and policy. In addition she has published and presented scholarly papers with Dr. Newman and other scholars focusing on HEC and its influence on knowledge development and advancement of nursing science.

Dr. Jones is the recipient of many awards and honors including the Boston College’s Teaching Excellence Award in 2005, Partners Award for Excellence in Practice in 1998 and 2003, the Indiana University School of Nursing Outstanding Alumni Award, the Sigma Theta Tau International Founders Award in 2000, the Excellence in Research Award from the Massachusetts Association of RNs (2009) and most recently the Indiana University Anniversary Top 100 Legacy Leaders Award in 2014. She has published over 145 articles and 14 textbooks.

Dr. Jones is an international leader in nursing and is a visiting professor in Nursing at the University of Navarra in Pamplona, Spain. She received her BSN from Long Island University and Brooklyn Hospital School of Nursing in Brooklyn, New York, and earned graduate degrees from Indiana University and Boston University.
