

**Attendance Policy**

During the course of the rotation, if students should miss two or more days a doctor’s excuse will be required upon their return. Please keep in mind these days do not have to be consecutive. If three or more days are missed, the student will need to meet with Dr. Jameson in order to discuss making that time up.

While the student is on inpatient, the supervising resident should be notified when calling in sick or running late. During outpatient month, both the clinic and Jenn Wilson should be notified when running late or of any absences. Jenn Wilson can be reached at 287-6292 after 8:00am or anytime via email at pedsclerkship@uthsc.edu. Please refer to the list of clinic phone numbers given in outpatient orientation for calling the appropriate clinic.
