

UTHSC - General Surgery Clinical Rotation G&O

Sponsoring Institution: VAMC – MEMPHIS Site: VA Rotations: General Surgery PGY 4

By the end of the General Surgery rotation at VAMC, PGY 4 residents are expected to achieve the following objectives based on the six general competencies. The resident should exhibit an increasing level of responsibility and independency as he or she progresses throughout the year. Since competencies learned or mastered in the first three years of residency are competencies required for a successful surgeon, the fourth year resident will demonstrate achieved objectives in previous years with expanded knowledge, more efficiency in performance of procedures, and additional knowledge in pathophysiology encompassing more complex disorders.

| Competency | Required Skill(s) | Teaching Method(s) | Formative Evaluation Method(s) | Frequency of Evaluation |
|-------------------|--|--|--|--|
| Patient Care | SPECIALTY SPECIFIC OBJECTIVES | | | |
| | Evaluate and manage <ul style="list-style-type: none"> • Inflammatory pancreatic disease • GI malignancy, bleeding • Peptic ulcer disease • Small bowel obstruction • Thyroid/parathyroid disease • Hernias Under direct supervision perform the following surgical procedures: <ul style="list-style-type: none"> • Complex laparoscopy • Thyroid/parathyroid surgery • Bowel resection • Surgery for malignancy • Pancreatic debridement, decompression • Gastric surgery, vagotomy • Ventral hernia repair • Lysis of adhesions | Clinical Teaching Conferences/Didactics Self Directed Learning Clinical Teaching Conferences/Didactics Self Directed Learning | Focused Observation Global Rating 360 Degree Mock Oral Exam Focused Observation Global Rating 360 Degree Mock Oral Exam | Daily Monthly Monthly Annually Daily Monthly Monthly Annually |
