1. As a state institution, tuition is affordable. In addition, more than $1 million in scholarships is awarded to over 250 UTHSC College of Pharmacy students each year.

2. Our students have the opportunity to study abroad in one of 12 countries through a month-long International Exchange program.

3. The UTHSC College of Pharmacy is the only college of pharmacy in the state that offers both a PharmD/PhD and a PharmD/MBA program.

4. Our pharmacy student organizations add to your pharmacy education experience through community service and social activities. The UTHSC College of Pharmacy Academy of Student Pharmacists (ASP) and Student National Pharmacy Association (SNPhA) have each been named national Chapter of the Year several times in the past 10 years!

5. The largest number of board-certified pharmacy specialists of any college in the nation serve on the UTHSC College of Pharmacy faculty.

6. After completing 2.5 years of the curriculum in either Memphis or Knoxville, you can finish your degree with 1.5 years of advanced practice experiences at sites located in Memphis, Knoxville, Nashville and across the state.

7. All students spend the first nine months together on the campus of the largest health science university in the southeastern United States, the University of Tennessee Health Science Center in Memphis.

8. The first College of Pharmacy in Tennessee (established in 1898) has new, state-of-the-art teaching facilities.

10. The great UTHSC College of Pharmacy alumni network has local, national and international connections, leading to a near 100% placement rate of our graduates in jobs or residencies within three months of graduation.
