Student Authorizations

CURRENT TERM CHARGES AUTHORIZATION:
Federal Title IV financial aid funds require your authorization to pay current term non-institutional charges such as, but not limited to, health insurance, books, miscellaneous fines (e.g. parking and library fines), etc. Students may authorize use of these funds for these current term non-institutional charges. Please indicate your choice for this authorization.

- I accept
- I decline

PRIOR TERM CHARGES AUTHORIZATION:
Federal Title IV financial aid funds are restricted to payment of current period tuition, fees, room and board. Students may authorize use of these funds for prior term institutional charges up to $200.

- I accept
- I decline

Student Acknowledgment of Financial Obligation:
I understand that by submitting course registration, I am entering into a financial arrangement with UTHSC and I accept responsibility for all charges billed to my UTHSC account. I must follow formal add/drop and withdrawal procedures of the University and non-attendance does not relieve me of my charges.

I understand any financial assistance I receive will be applied against my billed charges to reduce my financial obligation. I am responsible for all outstanding debts and contracts with the University. Federal regulations prohibit federal financial aid from paying non-mandatory university charges unless you, the student, provide your authorization to do so.

I understand that accounts not paid when due are subject to a late fee and a hold preventing registration, access to grades and transcripts. Information regarding the terms due dates and payment options are available on the Bursar web site.

I understand that if my account becomes delinquent, I may/will be reported to a credit bureau and referred to an outside collection agency and I will be liable for service charges, collection costs and legal fees as specified on the Bursar web site.

- I accept the terms above
Student Health Insurance:

In order to establish that you have appropriate health care coverage, a mandatory health insurance requirement was instituted by the University of Tennessee Health Science Center (UTHSC). This mandatory health insurance policy requires students to maintain insurance coverage as a condition of their enrollment.

UTHSC’s mandatory health insurance policy requires students to provide documentation of insurance coverage (waive) or to enroll (elect) in the Student Health Insurance Plan each semester. In order to avoid automatic enrollment and thereby have a semi-annual premium charge applied to your student account, you must take steps to waive health insurance coverage each semester.

IMPORTANT: Your Fall election of the Student Health Insurance Plan will automatically renew the enrollment for the following Spring term. If you have elect and have been charged for the student Health Insurance Plan for Fall, you will automatically be re-enrolled in the plan though United Healthcare for the upcoming Spring. A health insurance premium in the same amount as the fall will automatically be billed to your UTHSC account for Spring during the November billing period. This applies only to students.

- I opt to waive the Student Health Insurance Plan for the academic year
- I opt to elect the Student Health Insurance Plan for the academic year.
