Date: Tuesday, August 13, 2013

Time: 7:00 AM

Speaker: Daniel Barzana, MD, Vascular Fellow

Location: VA – Room CW345

Topic: Carotid Dissection, Fibromuscular Dysplasia

OBJECTIVES:

1. The participant will be able to describe the important elements of the basic science referable to the topic presented which provides the foundation for the clinical practice of Vascular Surgery.

2. The participant will be able to identify the areas of controversy referable to the topic presented and the discussions pro and con regarding the various positions.

3. The participant will be able to outline those facts which will lead to a change in his/her practice of Vascular Surgery.

Methodist LeBonheur Healthcare is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Methodist LeBonheur Healthcare designates this live activity for a maximum of 1 AMA PRA Category 1 Credit(s)™. Participants should claim only the credit commensurate with the extent of their participation in the activity.

All faculty participating in continuing medical education activities sponsored by Methodist LeBonheur Healthcare are expected to disclose to the activity audience any real or apparent conflict(s) of interest related to the content of their presentation(s). Faculty members are required to inform the audience when they are discussing off-label or unapproved uses of devices or drugs. Devices of drugs that are still undergoing clinical trials also should be identified as such and should not be portrayed as standard, accepted therapy. Presentations should be supported by literature review and/or best practice patterns utilizing evidence based medicine.
