

## Asklepieion (ə-'skle-pe-on)

Asklepieion is a word derived from the name of Aesculapius, the Greek god of medicine and healing. Aesculapius was honored and worshipped throughout the Greek world by persons seeking the healing powers of the physician. Temples were erected in honor of Aesculapius near healing springs or high mountains. Those who worshipped him were known as Aesculapae. Therefore, the temples in his honor were known as Aesculapions (Asklepieions).

In the ancient city of Memphis, on the Nile River, there was a temple where people went for worship and for care. In our own city of Memphis, on the Mississippi River, people come to our Asklepieion for healing and care.

*Bill Robinson,  
Vice Chancellor Emeritus, Student Affairs*

# Year in Review

## Election Year

Barack H. Obama became the 44th President of the United States.

As the presidential election heated up, students, faculty and staff gathered in the GEB to discuss the presidential candidates' health care plans with both Democratic and Republican state representatives.

## Wacky Weather

On Saturday, February 28, 2009, Memphis experienced its biggest snowfall in 40 years. More than 5 inches of snow covered the campus.

The very next weekend, the temperature reached near-record highs.

## Year in Review

### Serving the Community

The UTHSC food drive that benefited the Mid-South Food Bank was just one of many ways the university reached out to the community this year. The campus-wide donations weighed in at 2,631 pounds of food which equated to 1,865 meals.

### We want our MTV!

Medicine student Brad Postlethwaite (left) was featured in a MTV production titled "\$5 Cover." The project was produced by Memphis filmmaker Craig Brewer, (right) known for his films "The Poor and The Hungry," "Hustle and Flow," and "Black Snake Moan." "\$5 Cover" focused on Memphis musicians including Brad and his band Snowglobe.

### Fun in the sun

UTHSC acquired use and maintenance of Forrest Park from the City of Memphis. Students enjoy a game of volleyball in the green oasis in the middle of campus.

## Year in Review

### Bookstore Facelift

2009 brought a complete renovation of the UTHSC bookstore at the previous Rocky Top location.

### Food Break!

UT Plaza Dining held its grand opening this year. Located in the Madison Plaza, the new eatery added Einstein Bros. Bagels, Madison Café and Mondo Subs to lunch-time and study-break options.

### Construction Zone

Construction continued on the UT-Baptist Research Park with major progress on the new Pharmacy building and the Regional Biocontainment Laboratory.

- Scary Sundaes in October
- Treats for the annual Flu Shot Day known as Boo Flu in October
- Blood Drive in November
- Two pizza study breaks in December
- 5 O'Clock Friday in January
- Sweetheart Sundaes in February
- "How to be Safe- Mind, Body, and Soul" student forum in February
- Blood Drive in February
- Memphis Redbirds Night in April
- Student Appreciation Day in April

## The Imhotep Society

In 1980, the SGAEC established the Imhotep Society, a campus organization to recognize students who, because of their service and leadership, have significantly contributed to student life on this campus. It recognizes that many student leaders, in performing their functions and assignments, may have sacrificed high academic accomplishment and thus did not receive recognition through those organizations that traditionally honor students for high academic and clinical achievement. The society was named after the ancient Egyptian god of medicine Imhotep.

Cheryl Scheid, PhD, SGAEC Advisor and Vice Chancellor for Academic, Faculty and Student Affairs, was the recipient of the 2008 Imhotep award signifying outstanding service to students. Paul Tennant, 07-08 SGAEC President, presented the award.

# Excellence in Teaching Awards

One of the most prestigious awards a faculty member can win is the SGAEC Excellence in Teaching Award. The winning recipients are nominated by the students of the various colleges. Each year, two faculty members from each college receive awards (College of Social Work receives one award). The recipients receive a plaque, a \$2,500 stipend, and public recognition at the SGAEC Banquet, college convocations and commencement ceremonies.

## Campus Recreation

The Office of Campus Recreation is the focal point for recreational opportunities at the UTHSC. Physical activity plays a vital role in the development and the maintenance of a healthy, well-adjusted individual.

Our diverse programs in Fitness & Wellness, Instructional Programs, and Intramural Sports help us provide participants with life long activities to help individuals in their quest to enjoy life to its fullest.

# Campus Recreation

## Instructional Programs

The Instructional Programs of Campus Recreation provide opportunities for students, faculty, and staff to participate in common activities around the world. Our goal is to provide an enjoyable and worthwhile experience with indoor activities. These skills can be transferred to our personal lives giving you the ability to dance, overcome fears, and become more active in a variety of activities.

# Campus Recreation

## Intramural Sports

The mission of the Intramural Sports Program is to provide our students, faculty, staff, and their spouses with a variety of recreational opportunities in team, dual, and individual sports. The program exists to help students relieve stress, interact with students from other classes, get exercise, and introduce students to lifetime recreational activities.

# Campus Recreation

## Intramural Sports

# Campus Recreation

## Fitness & Wellness

The Fitness and Wellness Program of Campus Recreation offers many opportunities to enhance your personal health and wellness. Programs are designed to assist you in a variety of wellness-related topics including healthy eating, cardiovascular exercise, strength training, weight, stress, time management, and personal health issues.

## The Mission of the UTHSC

The Health Science Center aims to improve human health through education, research, clinical care and public service. The UT Health Science Center campuses include colleges of Allied Health Sciences, Dentistry, Graduate Health Sciences, Medicine, Nursing and Pharmacy. Patient care, professional education and research are carried out at hospitals and other clinical sites across Tennessee. Endowed professorships, Research Centers of Excellence, and continuing relationships with research and health care facilities across Tennessee ensure that both basic science and applied research stay focused on contemporary health topics.

## 2008-2009 Executive Officers

President: Brenton Glassell  
 President Elect: Nathaniel Hill  
 Secretary: Katie Egan  
 Treasurer: Brandon Foltz  
 Editor: Kyle Fagala

The College of Dentistry Student Government Association, or CoDSGA, serves as the collective voice of the students and functions as the local dental student government. It represents the dental college student body to the administration and faculty, dental profession, and the Memphis community. CoDSGA serves as a forum for students from each dental class to work together to promote change for the betterment of the College.

The American Student Dental Association is a national student-run organization which protects and advances the rights, interests, and welfare of students pursuing careers in dentistry. It represents students with a unified voice and provides information, education, advocacy, and services. The association introduces lifelong involvement in organized dentistry and promotes change for the betterment of the profession.

# GIVING BACK ...

"The best way to find yourself is to lose yourself in the service of others."

- Mohandas K. Gandhi

Cynthia and Sarah joined two dental students from UCU to provide dentistry at the White Earth Health Center in Ogema, Minnesota with Indian Health Service.

This past summer, Katie found herself at the farthest North American city: Barrow, Alaska. She provided dentistry at the SSMH Barrow Dental Clinic with Indian Health Service.

Indian Health Service (IHS) is a federal health program that serves American Indians and Alaska Natives with locations throughout the U.S.

A team filled with willing dental students and dentists find their way on a mission trip to El Salvador.

# ... TO UNDERSERVED COMMUNITIES

Many D4's and faculty join forces with other medical professionals to put forth efforts toward R.A.M. (Remote Area Medical) in Huntsville, TN. They provided much needed dental care to a plethora of patients awaiting treatment.

Brenton, Brian, Eric, and Frank participate in a mission trip in the Philippines.

No act of kindness, no matter how small, is ever wasted.

- Aesop

# Our Graduates

A note about our graduates. Due to the varying times of completion for graduate students, it is very difficult to maintain accurate graduation pictures for the yearbook. Therefore, we have included a list of names in the event their picture was run in a previous year, or will not print until the next issue. We hope this aides in the accuracy of our graduate section.

# UT College of Medicine Chattanooga

COLLEGE OF MEDICINE  
CHATTANOOGA

David C. Seaberg, MD  
Dean  
UT College of Medicine Chattanooga

Robert C. Fore, EdD  
Associate Dean  
Academic Affairs and CME

Under the direction of Dean David C. Seaberg, MD, CPE, FACEP, the college has been very active during 2008-2009.

One of the highlights was the opening of the Clinical Skills and Simulation Center, which houses the newest technology available in interdisciplinary medical simulation education. The center offers state-of-the-art operating rooms, micro-surgery rooms, and an anatomical study room where residents practice the latest surgical techniques. The center also allows health care providers the opportunity to train together to develop team-building skills with four life-like, electronically controlled mannequins: adult SimMan 3G, infant, newborn, and female difficult delivery.

The UT College of Medicine Chattanooga has also made advancements in other areas.

- ◆ Two new teleconference rooms were added to increase productivity and increase accessibility to remote areas of the region and state.
- ◆ The Chattanooga campus assumed system-wide responsibility for Continuing Medical Education (CME) under the direction of Robert C. Fore, EdD, FACME, CCMEP, associate dean for Academic Affairs and CME, and Sally Ward, MBA, director of CME.
- ◆ UTCOMC performed a self-study for reaccreditation by the Accreditation Council for Continuing Medical Education.
- ◆ Two new initiatives, the Institute for Healthcare Improvement Open School and an Arnold Gold Humanism Honor Society, were established to help broaden quality improvement and professionalism competencies in medical education.
- ◆ Research efforts have increased, including:
  - ▶ The addition of two technical writers for grant support
  - ▶ UTCOMC partnering with Emory University for the multi-year National Children's Study
  - ▶ UTCOMC partnering with the University of Tennessee at Chattanooga Systems Engineering to study analysis and improvement of operating room processes
  - ▶ The Nanotechnology Project (federal grant submitted from Orthopaedic Surgery)
  - ▶ The Center for Independent Living Research in Chattanooga (CILVR-C), assessing and researching community needs
- ◆ The UTCOMC successfully recruited Alan Kohrt, MD, FAAP, as the chair of the Department of Pediatrics.
- ◆ Collaboration continues as the college works with Erlanger Health System to establish a Faculty Practice Plan, to build a primary care network to facilitate the UTCOMC's clinical, educational, research and community service missions.
- ◆ The UTCOM Chattanooga received accreditation for a Hospice and Palliative Medicine Fellowship program, one of the first in the nation.

UTCOMC sponsors 13 accredited residency and fellowship programs. In addition, the college sponsors a non-accredited fellowship in Orthopaedic Trauma Surgery. The 2008-2009 programs have trained 153 residents and fellows during the year and provided clinical rotations for approximately 100 third- and fourth-year medical students.

# Alpha Omega Alpha

## HONOR MEDICAL SOCIETY Beta Chapter THE UNIVERSITY OF TENNESSEE

**A**lpha Omega Alpha is the only national honor society in the world. Its reason for being can be expressed in a phrase: to recognize and perpetuate excellence in the medical profession. As stated in the society's constitution, "Alpha Omega Alpha is organized for educational purposes exclusively and not for profit, and its aims shall be the promotion of scholarship and research in medical schools, the encouragement of a high standard of character and conduct among medical students and graduates, and the recognition of high attainment in medical science, practice, and related fields." ΑΩΑ elects outstanding medical students, graduates, alumni, faculty, and honorary members to its ranks. The society's key is designed after the Manubrium Sterni. The letters ΑΩΑ, engraved on the key, represent not only the name of the honor society, but the essential words in its motto:

Αξιπς ὠφελειν τοις ὑλγουντας

**"To be worthy to serve the suffering"**
