APPLICATION INFLATION...

- Programs say:
 - Volume of applications is overwhelming
 - Who's *really interested* in my program?
 - Insufficient resources and tools for screening applicants
 - Step 1 scores provide *objective measure* across medical schools
- Student Affairs say:
 - Need more transparency from programs: bottom line requirements for interview offer; better resources for students to research programs
 - Allow students 24 hours to accept interview offers
- Applicants say:
 - Limited information available to compare programs
 - Some schools are encouraging students to "over-apply"
 - Even when advisors discourage us from over-applying, "We panic!"
 - **Going unmatched is not an option!**

MATCH 401: THE NRMP

PATHS TO RESIDENCY

- National Resident Matching Program (NRMP)
 - Offers the following residency tracks:
 - **Categorical-C**: begin in the PGY-1 year and provide the full training required for specialty board certification.
 - **Primary-M**: categorical programs in primary care medicine and primary care pediatrics that begin in the PGY-1 year and provide the full training required for specialty board certification.
 - **Advanced-A**: programs that begin in the PGY-2 year after a year of prelim training.
 - **Preliminary-P**: one-year programs that begin in the PGY-1 year; provide prelim training for advanced programs.
- Some specialties may offer **both** categorical and advanced type positions (e.g., Dermatology, Anesthesiology, Neurology, Phys Med & Rehabilitation, DX Radiology).
- Applicants must register with both NRMP **and** ERAS to use the services of each.

MATCH 401: THE NRMP NATIONAL RESIDENT MATCHING PROGRAM

- **You must complete the registration process**, electronically sign the Match Participation Agreement, and pay Match fees in order to participate in the *Main Residency Match*.

Registration Opens: September 15, 2019 at 12:00 PM (ET)

Registration Deadline: November 30, 2019 11:59 PM (ET) [\$50 additional fee]

- Primary components of the Match include **registration, creating and certifying a rank order list, and accessing Match results and reports.**
- **Interviews typically begin in October and continue through January.** Ranking opens in the R3® system on **January 15, 2020 at 12:00 PM (ET).**
- **SOAP eligibility of applicants begins March 11, 2020 at 8:00 AM (ET)**
- **Match Week begins on Monday, March 16, 2019**, when applicants learn whether they matched to a program. For unmatched eligible candidates, the Match Week Supplemental Offer and Acceptance Program® (SOAP®) also begins.

**Medical school Match Day ceremonies will be
Friday, March 20, 2020 at 12:00 PM (ET)!**

MATCH 401: THE NRMP

PARTICIPATING AS A COUPLE

- Participating in the Match as a couple is a feature that **allows two applicants to link their rank order lists in a Match**, usually for purposes of obtaining positions in the same geographic location. Other important considerations include:
 - A match is established *only if both partners match at a **pair** of programs*.
 - Partners listed as a couple are treated by the matching algorithm solely as a couple.
 - In the Main Residency Match®, the algorithm considers only a couple's primary rank order lists when attempting to establish a match. **The matching algorithm does NOT consider a couple's supplemental rank order lists as a unit.**
- **Applicants must register individually** for the Match in the R3 System before one partner can send a couple request through the R3 system to the other partner. **Couple fees apply** and are non-refundable.
- **More information about participating as a Couple** can be found on the NRMP website at <http://www.nrmp.org/match-process/couples-in-the-match/>

FOR THE UNEXPECTED: SOAP

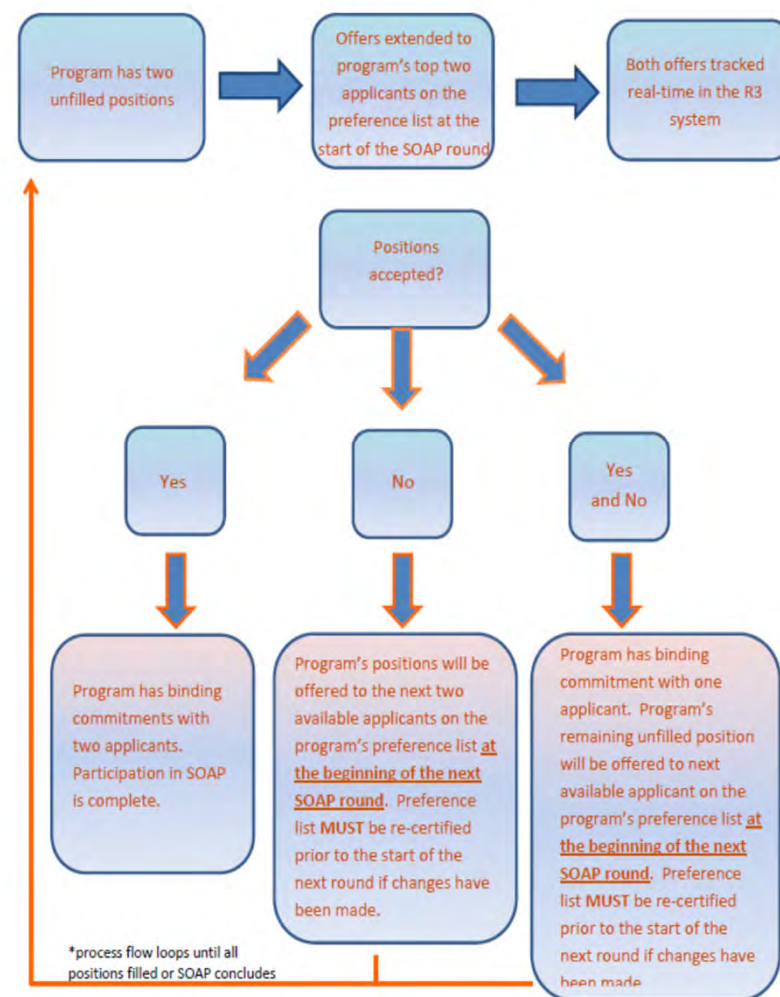

NRMP Resource: [NRMP SOAP Video for Applicants](#)

FOR THE UNEXPECTED: SOAP

- NRMP unfilled positions → unmatched applicants
- Applicants submit 45 applications via ERAS
- Program directors review applications → contact applicants → create a rank list
 - Applicants may not contact programs until after programs have initiated contact
- NRMP releases offers from programs to applicants in series of “rounds”
- Offers are not sent continually throughout a SOAP Round.
 - R3 system waits until the next Round to send offers to the next available applicants on the program’s list based upon unfilled position
- Applicants may receive multiple offers in a single round; they have 2 hours to decide
- When an offer is accepted, applicant is removed from all other rank lists and a binding contract is established between the applicant and the program
- When an offer is rejected, it is not offered again.

Electronic Residency Application Service

WHAT IS ERAS?

E

ERAS is the electronic mailman!

MATCH 401: ERAS AND ITS FOUR MOVING PARTS

ERAS includes four individual, but connected, applications developed to serve the needs of each user group involved in the application process and provide impartial, confidential transmission of applications to programs:

MyERAS for applicants, in which students complete their applications, select programs, assign supporting documents, and submit their materials to their selected programs

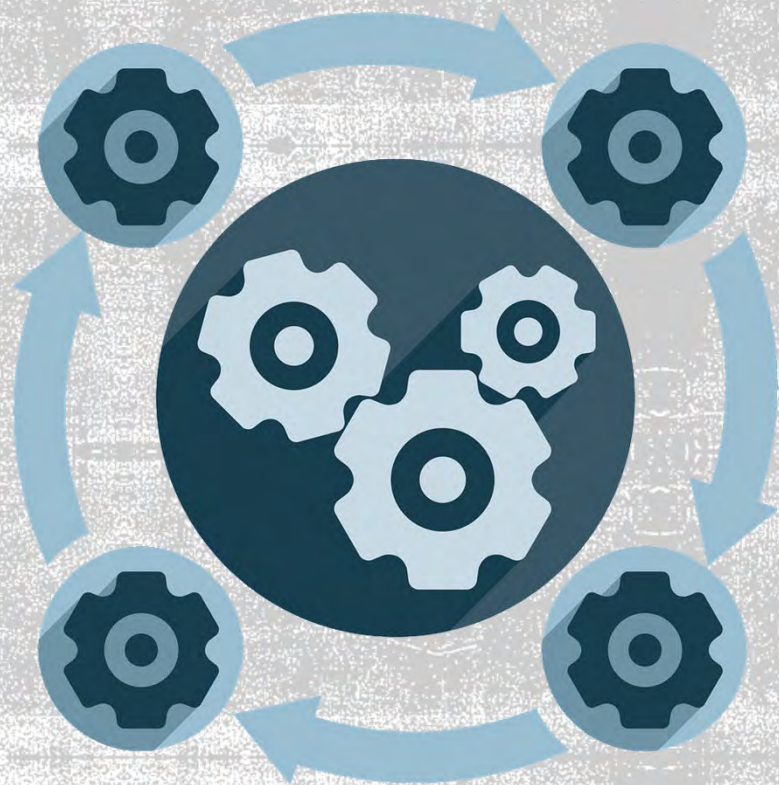

Dean's Office WorkStation (DWS) for Designated Dean's Offices to upload medical school transcripts and medical school performance evaluations (MSPEs) in support of applications submitted through MyERAS

Letter of Recommendation Portal (LoRP) for LoR authors to submit letters in support applications submitted through MyERAS

Program Director's WorkStation (PDWS) for training programs to receive and review the applications and supporting documents

MATCH 401: ERAS AND ITS MOVING PARTS

How Does ERAS Work?

- **Applicants receive a token** from their Designated Dean's Office and use it to register with MyERAS.
- Applicants **complete** their MyERAS application, **select** programs, **assign** supporting documents, and apply to programs.
- Applicant's Designated Dean's Office and LoR authors **upload** supporting documents.
- Examining boards **receive and process** requests for transcripts.
- Programs **receive** application materials through the PDWS.

Below this is a secondary navigation bar with links for ADVISORS, ADVOCACY, CALENDAR, DATA, FINANCIAL AID, NEWS, and SERVICES. A third bar contains links for Choosing a Medical Career, Applying to Medical School, Attending Medical School, Applying to Residency (highlighted), and Training in a Residency or Fellowship. The main content area is titled 'MyERAS® Application for Residency Applicants' and includes a description of the application process, a 'Sign In to MyERAS' button, and sections for Participating Specialties and Programs, News and Announcements, Important Dates, and ERAS Updates on Twitter. The footer contains an ERAS FAQ link and a note about keeping personal information up-to-date.

Electronic “application delivery system” used to transmit applications, letters of recommendation, MSPE, medical school transcripts and other supporting credentials from applicants and medical schools to residency program directors via the Internet.

- **TOKENS:** Alpha-numeric access key generated to all applicants via Email. Tokens will be distributed via your UTHSC email on **June 7, 2019**
- **Early bird special:** MyERAS opens with limited access **September 5, 2019**. Allows applicants to apply to ACGME programs only; Programs to see USMLE scores only.
- ERAS begins transmitting applications to all residency programs on **September 15, 2019**

MATCH 401: ERAS

WHAT'S IN THE ERAS APPLICATION?

- **ERAS Application**

- **Requires ERAS Token to register;** Tokens sent to **UTHSC email June 7 after 3:00 PM (ST).**
- ERAS Application **GO LIVE!** date: September 15, 2019.
- Application deadlines are set by programs, not by ERAS. Do you research!
- Even though ERAS has no deadline, the sooner your application is transmitted to programs, the sooner you can begin receiving interview offers.
- September Early Bird Special: Opening and release of USMLE Scores - September 6th. (ERAS application doesn't release until September 15!)
- **IMPORTANT:** You do not have to wait on your documents to be uploaded to apply. Once you have completed your part, certify and submit so we can do our part!

MATCH 401: ERAS

WHAT'S IN THE ERAS APPLICATION?

- **Personal Statement(s)**
 - Create as many as you want, but can only send one per program.
 - PROOF IT!
- **Letters of Recommendation** (transmit up to 4 per program)
 - Useful with visiting electives, research, etc.
 - Recommend you assign 4 to each program.
 - Generate ERAS Letter Request Form for letter writers
 - LoRs **must be uploaded by the author** via the ERAS LoR Portal (LoRP).
 - Mix-n-Match: You decide which letters programs receive!
- **USMLE Transcript (\$80 one time charge; unlimited programs)**
 - Must authorize release transcript via ERAS to programs.
 - Step 1 used to determine interview offers; many programs will require Step 2 score prior to ranking.
 - Scores at the time of release is all that is transmitted; may require you to “re-release” your transcripts

MATCH 401: ERAS

WHAT'S IN THE ERAS APPLICATION?

- **The MSPE**

- **Scheduling starts June 17; Appts start July 1** (instructions emailed to you by EOM!)
- Authors in Memphis, Chattanooga and Knoxville.
- ALL completed MSPEs uploaded to ERAS starting September 23.
- Uniform release date **October 1**.

- **Medical School Transcript**

- **Only you can authorize the release of your transcript!**
- Transcripts can be requested in person by visiting One Stop, 910 Plaza Lobby or via the Registrar's Forms webpage:

https://uthsc.col.qualtrics.com/jfe/form/SV_24Q1kb2wEEGWu9v

- All medical school transcripts are uploaded by the DWS.
- To ensure the most up-to-date copy, do not request until the first week of September! No ERAS transcript received in the Office of Student prior to September 1st will be uploaded to ERAS.

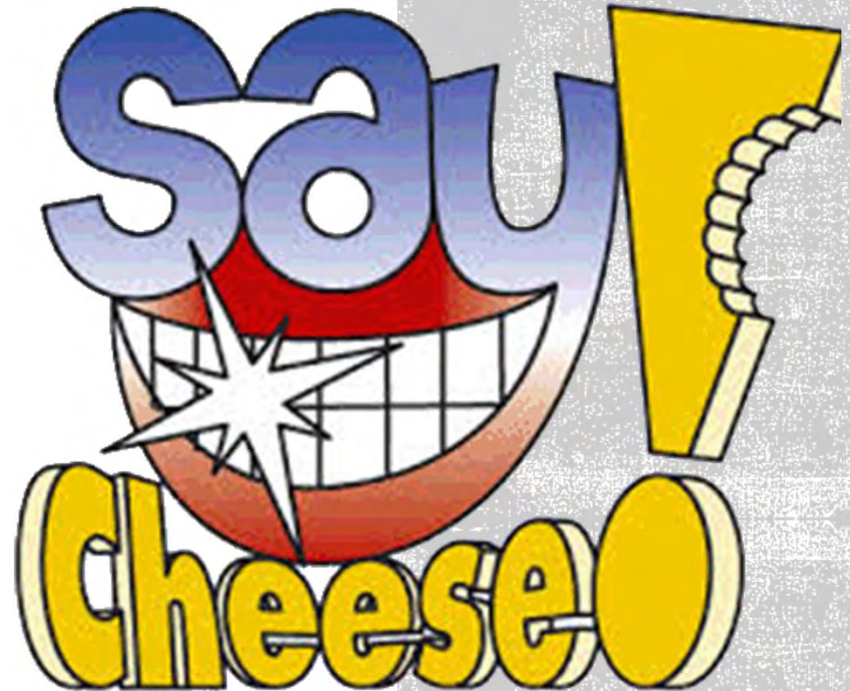

MATCH 401: ERAS

WHAT'S IN THE ERAS APPLICATION?

- **Professional Photo**

- Photo sessions offered by Stroud Photography.
- Take composite/yearbook photos at the same time!
- Session dates emailed to you late June!

MATCH 401: ERAS

TIPS WHEN USING MYERAS

1

ERAS does not set program application deadlines or requirements as they are set and communicated by the individual programs themselves. Applicants are advised to contact programs directly for relevant information.

2

You must certify and submit your MyERAS application before you can apply to programs.

3

Once you have certified and submitted your application, you will not be able to make any changes to your application outside of the information contained under the Personal Information page of the MyERAS application.

4

For LoRs, you must add and confirm LoR Author(s). When you confirm a LoR Author, the system will generate a personalized Letter Request Form, which you will need to provide to the LoR Author.

5

When searching for programs in MyERAS, if a program has a status other than "Participating," you should contact the program directly regarding their participation status with ERAS.

6

Monitor your ERAS application. Remember, programs can offer interviews via ERAS, email, and telephone. Staying on top of your application to avoid missing deadlines!

MATCH 401: ERAS **CHA-CHING**

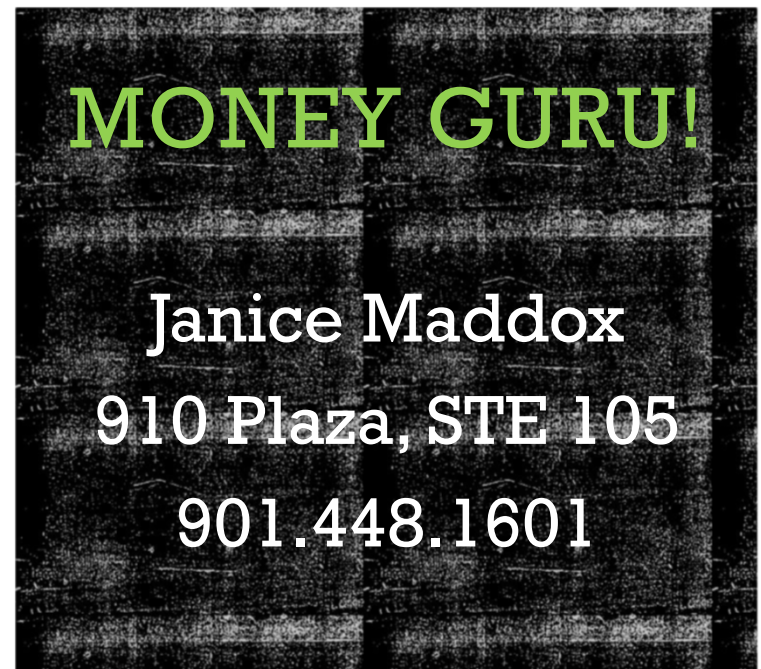

ERAS application fees are based on the number of programs applied to per specialty. MyERAS automatically calculates your fees and you can pay online using Visa or MasterCard.

Note: AOA-accredited program application fees are assessed separately, see example 5 below.

Programs Per Specialty	Application Fees
Up to 10	\$99
11 - 20	\$14 each
21 - 30	\$18 each
31 or more	\$26 each

Example 1: 30 Emergency Medicine programs [$\$99.00 + (10 \times \$14.00) + (10 \times \$18.00)$] = \$419

Example 2: 20 OB/GYN programs [$\$99.00 + (10 \times \$14.00)$] + 10 Family Medicine programs [$\$99.00$] = \$338
