The University of Tennessee Health Science Center is committed to creating and maintaining a learning, living, and working environment free from all forms of Sex Discrimination, including Sexual Misconduct and Relationship Violence. TITLE IX SEXUAL HARASSMENT

The University of Tennessee unequivocally opposes the sexual harassment of any University community members. Sexual harassment will not be tolerated and will be grounds for disciplinary action. In accordance with federal regulations, sexual harassment is defined as follows: (1) An employee of the University conditioning the provision of an aid, benefit, or service of the University on an individual's participation in unwelcome sexual conduct; (2) Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the University's education program or activity; or (3) Sexual Assault, Dating Violence, Domestic Violence, and/or Stalking. For the definition of Sexual Harassment, "reasonable person" means a reasonable person under similar circumstances as and with similar identities to the complainant.

If a person indicates hesitancy to report an incident to the University, inform the person that the University prohibits Retaliation and will not only take steps to prevent Retaliation but also take strong responsive action if Retaliation occurs.
