Research Day 2020

April 24, 2020

Research Day 2020

Participants

Up to two presentations for each Department selected through internal presentations by the Resident Program Director and/or the Chair of the Department.

Key Dates

October 10th, 2019 – SRC Submission

March 31st, 2020 – Departmental Selection of Presentations

Research Support

Biostatistics:

Gao, Lani: Cuilan-Gao@utc.edu

Dept. of Mathematics

Holcombe, Jenny: Jenny-Holcombe@utc.edu

School of Nursing

Levi, Amy: Amy-Levi@utc.edu

School of Nursing

Data IT Manager (in progress)

Research Support

Please involve the Biostatisticians before the IRB submission, distribute work throughout the year and keep track of support as well abstracts, papers and authorship.

Research Abstracts

Guidelines

- ▶ The abstract must address scientific questions, detail clinical observations, or contain primary scientific data. All research and studies reported in submitted abstracts that involve human subjects must be approved by the UT IRB (deadline for SRC submission October 10th, 2019 before going to IRB).

Format

- ▶ The entire body of the abstract, excluding tables, must not exceed 3,500 characters. Spaces are not included in this number. Title, authors' names, affiliations, tables are not included in the character count. The abstract must be structured (i.e., abstracts divided into sections using terms such as Introduction, Methods, Results, Conclusions, etc.).

Slide Presentation

- ▶ The total time allotted to each speaker is 10 minutes. The presenters should plan to speak for 8 minutes and leave 2 minutes for questions. They should show no more than 1 slide per minute of speaking time. This means approximately 8–10 slides **MAXIMUM** for the 8 minutes presentation. The letters on the presented slides should be **BIG ENOUGH** with a suggested minimum font is 14 or 4 curves on any slide. In addition to the body of the talk, the presentation should include an introduction and a summary or conclusion slide.

Biomedical Research Initiation Collaborative Grants

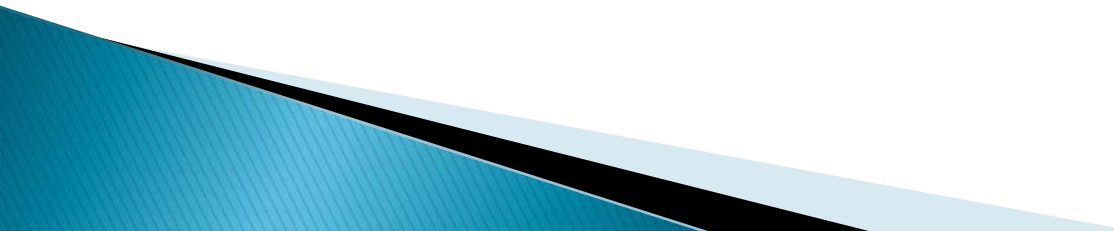

The UT Health Science Center / UT College of Medicine, Erlanger Health System and The University of Tennessee at Chattanooga are partnering to support an inter-institutional grant program designed to increase collaborative biomedical research activity.

Eligibility

- ▶ All proposals must include Co-PIs – one representing UTCOM/Erlanger and one representing UTC.
 - ▶ For UTC, eligible Co-PIs include tenured or tenure-track faculty; faculty in non-tenure roles, staff, and post-doctoral research fellows may participate as a research team member.
 - ▶ For UTCOM/Erlanger, eligible Co-PIs include all faculty members, residents, and clinical fellows.
- 

Key Dates

- **Workshop & Research Networking: September 12, 4–6pm, UTC Library Southern Writers Room (4th Floor)**
 - **Application Submission Deadline: November 5, 2019**
 - **Notification to Applicants: December 5, 2019**
 - **Project Start Date: January 1, 2020**
 - **Interim Report Deadline: June 30, 2020**
 - **Project End Date: December 31, 2020**
 - **Final Report Deadline: January 31, 2021**
-
