# Leader in Dental and Craniofacial Research Celebrates Twenty-fifth Hinman Symposium

Dr. Somerman is Director of the National Institute of Dental and Craniofacial Research. She also is Chief of the Laboratory of Oral Connective Tissue Biology. Her research has focused on defining key regulators controlling development, maintenance, and regeneration of dental, oral, and craniofacial tissues. She has also recently taken on an important role in addressing the response of the oral health community to the nation's opioid crisis.
