

English as a Second Language Support in the Memphis Community

Recently, there have been requests for English support for faculty, staff and students whose principal language is not English. Classes are not currently offered on campus, but there are many free programs in the community through the [Tennessee 2-1-1 Resource Network](#). Most meet once per week. There are three locations in Memphis in the Berclair, Midtown, and Whitehaven areas. The additional four locations are in Bartlett, Collierville, Dyersburg, and Germantown. Visit the [Tennessee 2-1-1 Resource Network](#) to learn more about the programs, locations, and meeting days/times. All sites also offer free childcare for children who are toddlers and older.
