

Zoom - Mapping Video Recording

This is a step-by-step tutorial on how to map a Zoom recording to OneDrive or a SharePoint site.

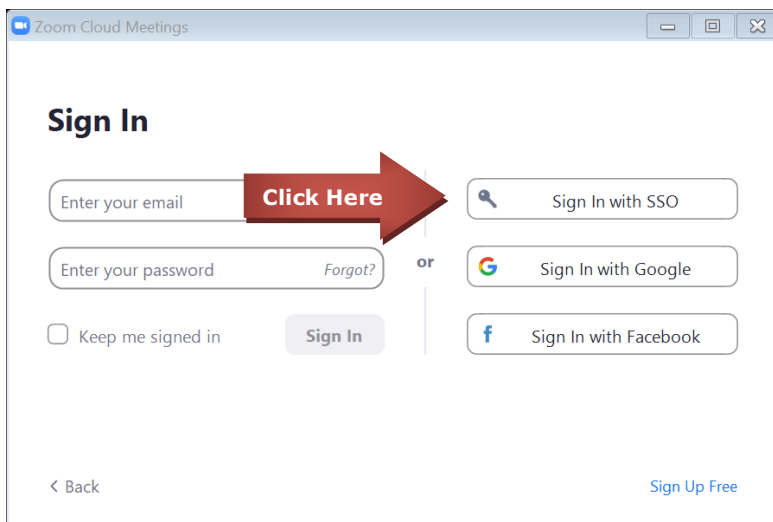

NOTE: It has to be mapped for every video because the software goes back to the default setting after the recording is saved.

Click on Zoom app.

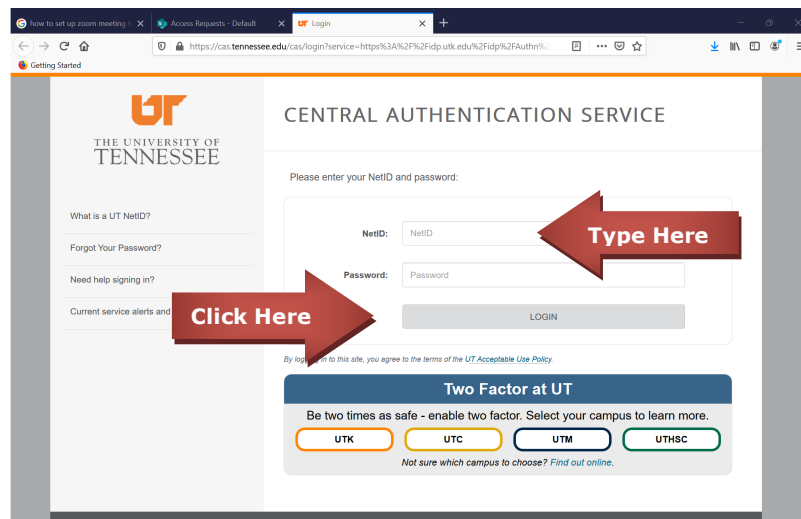

Click Sign In.

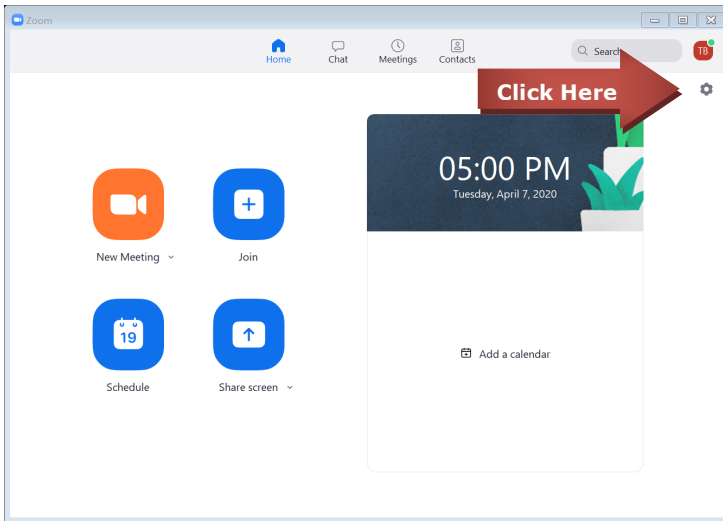

Click Sign In with SSO.

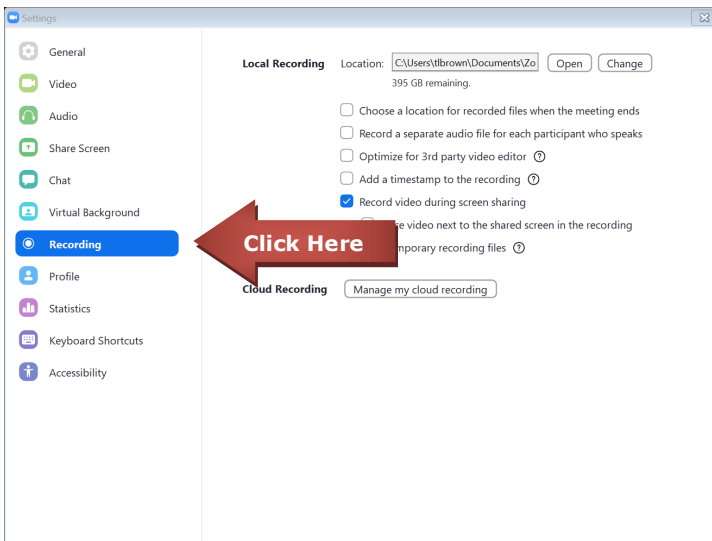

- Type tennessee in Company Domain ("tennessee" must be all lower case).
- Click Continue.

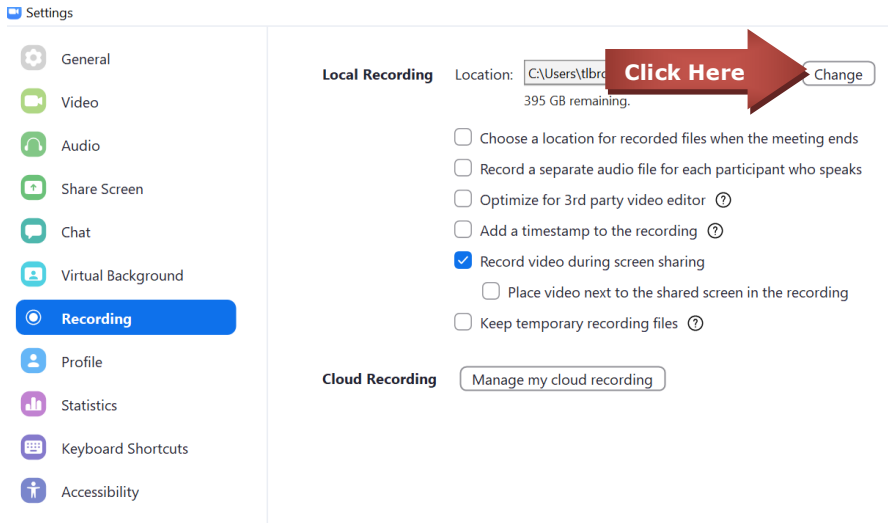

- Type your NetID and password.
- Click LOGIN.

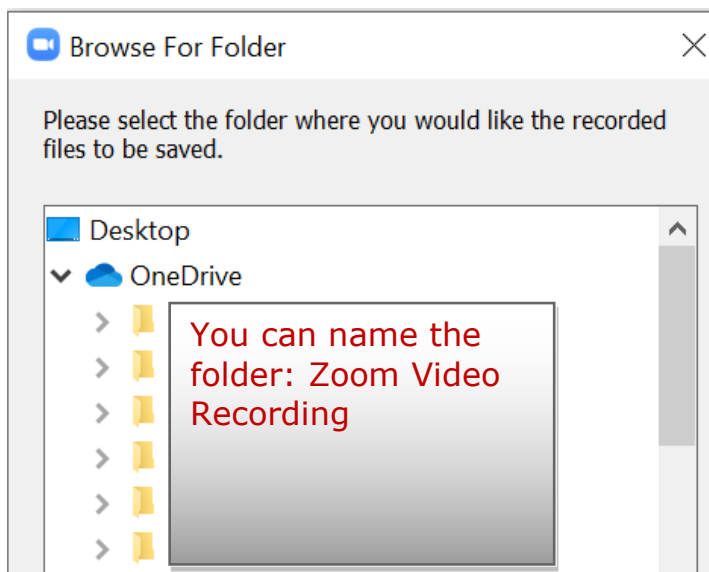

Click on setting icon ⚙️ .

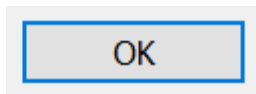

Click Recording.

Click Change. **Note to Mac Users:** You will need to click , then select Choose a new location.

Select the folder.

Click Ok. **Note to Mac Users:** Double click the OneDrive folder, double click the desired folder, then click Choose.
