THE 1968 ASKLEPIEION

The 1968 Asklepieion presents in picture and prose the molding of an integrated health team from students of the College of Medicine, Dentistry, Pharmacy, Nursing, Basic Medical Sciences and the Graduate School.

Medicine—Robert W. Selbert
& Anne S. Roberts
Dentistry—Gary H. Shander
Pharmacy—Edwin G. Barron
Nursing—Barbara J. Idol
Advisers—Mary Elizabeth Bullock
& James E. Stockdale
THE UNIVERSITY OF TENNESSEE  MEDICAL UNITS, MEMPHIS
The beginning years at the Medical Units are primarily concerned with learning the theories to be used as a basis for decisions relating to the health and welfare of the patient. This basic knowledge is gained through long hours of study in the library and work in the labs.
As students progress through their training, the actual professional skills are learned and some degree of proficiency is acquired. For most, this period of time includes an introduction to the patient-oriented phase of training.
The learning from books and classes is now supplemented by the
patient as a valuable source of information. Now, more and more
time is spent in patient-related activities as hospitals and clinics
become the center of learning.
As the end of this phase of professional training is approached, more coordination of activities is instituted to achieve the goal of an integrated health team working for the welfare of the patient.

EUGENE F. ТRACЕSЕR
Director of Advancement

These few words are written on the morning after the senseless wounding of Senator Robert Kennedy at the close of his primary race in California. A team of our critics still struggles to make repairs which will assure them of continuing life.

One must ask "what is happening to our country that permits amnesty to replace order and hate to replace compassion?"

Many of you who will procure this issue of the Yearbook will soon be going out to take your places as respected citizens in scattered communities. Let us hope each of you will help to start the pendulum of reaction on its return to sanity, for such must be if our Nation is to survive.

No, this isn't the Crown Lounge.

But why did she run away?

Are you sure Howard Hughes started this way?

Hey! I can read this!

This is the sunny South!

You ought to see him after the party.

Camp was never like this, Mom.

I don't see a hole.
The Alpha Omega Alpha Honor Medical Society was organized at the College of Medicine, University of Illinois, August 25, 1902. The Society comprises three classes of members: (1) undergraduate membership based entirely upon scholarship, personal honor, and potential leadership; (2) Active and Faculty Membership granted for distinctive achievements in the art and practice of scientific medicine, and (3) honorary membership awarded to eminent leaders in medicine and the allied sciences. The motto of Alpha Omega Alpha is "to be worthy to serve the suffering." In its aim and purpose toward attaining highest ethical and professional standards, the society is closely allied with the Council on Medical Education and other allied organizations. Only colleges and schools of medicine of the highest rank may be granted chapters of Alpha Omega Alpha Honorary Medical Society.
The Student American Medical Association is an organization of students representing medical schools from every part of the country and today is one of the five largest medical organizations in the United States.

As 'Tennessee the chapter is made up of a majority of the student body and its activities encompass all facets of the student's academic life through the function of standing committees. With American medicine in a period of dynamic change, groups such as the curriculum evaluation and medical legislation committee in SAMA have an obviously important function. Honoring outstanding faculty members with the Golden Apple Award is an important event in progress towards better student-faculty relationships. The student-faculty smokers are one of the high spots of the season where each newly engrossed class is honored with a reception and the opportunity to meet the Dean and faculty on an informal basis. 

Through liaison with county and state medical societies, SAMA learns of and participates in the practice of medicine through preceptorships and attendance at conventions on a state level. SAMA through these many activities accepts a role of responsibility in the medical community.

The SAMA Noon luncheons, held on the last Monday of each month, continue to offer the student the opportunity to bear discussions of current medical interest by prominent local physicians.

**Junior Branch of A.M.W.A.**

The American Medical Women's Association exists on the University of Tennessee Campus as an organization whose purpose is to allow female aspirants in the medical field to collectively assert themselves into a profession which is predominantly male-orientated.

Granted a charter by the University of Tennessee in 1965, the medical women's organization has functioned to unite all of the women in the medical school for the varied purposes of: 1) allowing opportunity for extra-curricular fellowship and relaxation from a demanding schedule and course of study; 2) providing exposure to and affiliation with established women physicians who serve as inspiration to struggling, and sometimes, discouraged women medical students; and 3) affording opportunities for broadening medical horizons through various group projects and national conventions.

**FIRST ROW:** Beverly J. Williams, President; Cathryn Corral, Vice President; L. Sue McKenzie, Secretary-Treasurer; F. E. Marie Bower. **SECOND ROW:** Barone Corder, Sandra M. Colson, Edua F. Davis, Lynne Ann Finger Drake. **THIRD ROW:** Frances Kay Eubank, Edythe H. Brown, Judy Woods.
Honor Council

The Honor system of the College of Medicine was instituted in January 1961. Since that time all classes in the College of Medicine have lived with the concepts of that Honor Code. Young men and women who are privileged to enter the College of Medicine must be mature and honorable in order to be worthy of the profession of Medicine.

The Honor Council is composed of two elected representatives from each class in the College of Medicine. Infractions of the Honor Code are reported in writing to the respective members of the Council. The Council then convenes and reaches a decision with respect to guilt or innocence and formulates a recommendation which is delivered to the administration for ultimate action. The Honor Code was written by and for students for the purpose of relieving a portion of the pressure inherent in the taking of frequent examinations in the College of Medicine. The Honor Code provides methods of amendment and is considered to be the collective will of the students of the College of Medicine. A passing grade dishonestly obtained robs a person of the honor and integrity that is prerequisite to the practice of Medicine.
Of course, he's real.

Sure Dennis the Menace gets to sit down.

Why didn't you catch it?

I am rather fond of this Anatomy.

It is written, and written, and written...

Just try and give us a colander instead.

Should a gentleman offer a lady a Tiparillo?

We might be able to deliver an elephant.

How dry I am.
Alpha Kappa Kappa

Alpha Kappa Kappa Medical Fraternity was founded September 29, 1888, at Dartmouth Medical School in Hanover, New Hampshire. It has grown from this beginning until it now has thirty-two chapters in the United States and Canada, and is the second largest medical fraternity in the world. Omega Chapter of Alpha Kappa Kappa was organized on the University of Tennessee Medicine campus on March 26, 1903. Omega is thus the tenth oldest chapter of AKK and the oldest medical fraternity at the University of Tennessee.

Located conveniently close to hospitals and classrooms at 747 Court Avenue, the chapter house has room for 32 men. Here resident and non-resident members and their wives or dates gather for special occasions.

Nine out of every ten doctors recommend.

**Phi Chi**

The Phi Chi Medical Fraternity was founded on March 31, 1889, at the University of Vermont. Through the years it has grown to become the largest medical fraternity in the world, boasting 50 chapters which contain 45,000 members from all parts of the world. The Alpha Beta Chapter was established on the U. T. Memphis Campus, April 4, 1913.

In 1990 the Alumni Association purchased the Baldour Estate at 216 Walden, where Phi Chi enjoyed prosperity for many years. Due to the Expressway expansion the house was caught in the wheels of progress and was demolished. An active Alumni fundraising campaign is in progress and the final architectural plans for an elegant colonial home have been approved.

The new house will be located on Orleans and Court, west of Mimosa. It is scheduled for completion in July, 1969.

In the new Phi Chi house the tradition of excellent parties, academic accomplishment, and a strong sense of fraternal fellowship will continue.

Phi Rho Sigma

Phi Rho Sigma Fraternity, an international medical fraternity, was founded at Northwestern University on October 31, 1890. Chi Epsilon Chapter of Phi Rho Sigma was founded as Lambda Chapter of Chi Zeta Chi Fraternity on October 14, 1906. The two fraternities merged on April 6, 1929 under the present name.

The aims and purposes of Phi Rho Sigma are to develop in its members the highest standards of unselfishness, honor and loyalty to the code of ethics of the medical profession.

Chi Epsilon has consistently ranked high in academics and her members have been honored on the Dean's List.

Chi Epsilon has enjoyed a stellar social program which not only included rush parties, but parties within the Chapter.

The present Chapter House which is the new fraternity house in the Medical Unit, was completed in 1962. The house is located at 1089 Eastmoreland Avenue and houses thirty-four men. In addition, a large component of the membership consists of married people and upper classmen not living in the house.

I Air from Santa's sorbitol.

Wake me when it's over.

It still ticks.
Of course he, too, yards long.

Who broke the flour bag?

Says, I can get my arms around.

Merry Xmas from Santa's workshop.

Rosie, broccoli, too!
IN MEMORIAM

DR. LOYD CLAYTON TEMPLETON
November 14, 1901-February 25, 1968
Professor and Chairman, Department of Oral Surgery
"If you can talk with crowds and keep your virtue,
Or walk with Kings... nor lose the common touch,
If neither foes nor loving friends can hurt you,
If all men count with you, but none too much;
If you can fill the unforgiving minute
With sixty seconds' worth of distance run,
Yours is the Earth and everything that's in it.
And... which is more... you'll be a Man, my son!"

Omicron Kappa Upsilon is a society of students whose purpose is as stated in the preamble of the Society's first constitution: "To encourage and develop a spirit of those who shall distinguish themselves by high grade of scholarship."

The society was organized in 1911 at Northwestern University Dental School.

Here are 66 chapters with approximately 9,500 members. This chapter was founded May 15, 1929. Its charter members were R. S. W. Smiley, R. D. Dean, C. P. Harris, J. T. Friger, W. E. Landis, L. J. McRae, J. J. Ogden, J. D. Turner, and W. J. Templeton.
R. D. Dean
Odontological Society

The R. D. Dean Odontological Society was founded at the University of Tennessee on December 8, 1946. It is an honorary society for undergraduate students in the College of Dentistry. It was named by its founder to honor Dr. Richard Doggett Dean, former Dean of the College of Dentistry, and his wife, Dr. Margaret Taylor Dean, former professor of Oral Pathology. Its membership consists of outstanding students who are selected by a combined Faculty-Student Election Committee. The purpose of the society is to propagate and perpetuate professional ideals and ethics; to exert its influence therewith, for the advancement of the dental profession in methods of teaching, practice, and jurisprudence; to elevate and sustain the professional character and education of dentistry; to promote among them mutual improvement and good will; and to disseminate knowledge of dentistry and dental discoveries.
Student A. D. H. A.

An auxiliary to the American Dental Hygienists' Association, the Student A.D.H.A. is composed of the members of the class in Dental Hygiene. The organization seeks to prepare the student hygienist for her future career and membership in the ADHA, and it has as its purpose the promotion of dental health education. Monthly programs including discussions, lectures, and films ultimately lead to the personal and professional growth of each member. The group also participates in fund-raising projects for the promotion of dental health and for the various social functions of the membership.

Junior Dental Auxiliary

The purpose of the Junior Dental Auxiliary is threefold: to promote friendship and good will among the wives of dental students, to help prepare each wife for her future place in society and civic affairs, and to serve the community.

The Dental Students Wives Program, the first of its kind in the United States, was begun in 1967 and has continued to be successful this year with a variety of programs presented at the monthly meetings to meet the special interests of the dental wife. These interesting programs have been sponsored by Dr. Frank Hudson, chairman of the program committee, and Dean Hulier Peterson.

Each quarter J.D.A. sponsors a financial project to raise funds for the Porter-Leach Children's Home. The money is used to supply the home with dental supplies, promote dental health among the children, and give birthday parties for the children.

The final highlight of the quarter is the traditional Senior Luncheon given by the Auxiliary in honor of the wives of the graduating seniors.

"OA ADHA... OA ADHA..."

The "Welcome to UT" party held in the fall—enjoy a major event in all!

But you know these ADHA meetings are required!

In enthusiastic members await presentation of another Dental Student Wives Program.

J.D.A. Charity Project—A birthday party at the Porter-Leach home.
Delta Sigma Delta

In November of 1882 Delta Sigma Delta fraternity was founded at the University of Michigan. The present Kappa Kappa Chapter at the University of Tennessee was established on May 27, 1921, after closing of the dental school at Vanderbilt University. Since the founding of Delta Sigma Delta, its philosophy has grown internationally with chapters located at dental schools and institutions throughout the world. The coming year will be a landmark for Delta Sigma Delta as the University of Tennessee, as in the Kappa Kappa Chapter, is completed. With the new, modern facility, Delta Sigma Delta will be able to better serve its membership and the Dental School. The members and alumni of Delta Sigma Delta regard the fraternity as a standard in dentistry, one which strives to create a better student, and one which adds strength and prestige to the profession.

Psi Omega

Psi Omega dental fraternity was organized in 1892. Since its organization it has grown to be the largest Greek letter dental fraternity in the world. At present there are thirty-six chapters. Psi Gamma chapter was founded in 1926 at the University of Tennessee Medical Unit. Psi Gamma Chapter is proud of its leadership, scholarship, intramural standing, and the fellowship which now exist with the fraternity.

Psi Omega Fraternity seeks to create an atmosphere of professional congeniality that will last not only throughout the years of dental study, but also in the years of practice ahead.

Xi Psi Phi

The Alpha Omicron Chapter of Xi Psi Phi was activated on March 20, 1921. The outbreak of World War II suspended the chapter temporarily, but on November 16, 1945, the Chapter was reactivated and since then has remained an integral part of fraternity life on our campus. Our fraternity has proven itself a leader in scholarship, intramurals, and all University sponsored activities over the years.

The XIP house is a familiar landmark at its post across from the Archway and its party room, the Pulp Chamber, is known to all. Our members, both here and those graduating before us, have tried to lend to the profession the motto of our fraternity, "Hospitality is the life of friendship."

PHARMACY ORGANIZATIONS

PHARMACY FRATERNITIES

KAPPA PSI
LAMDA KAPPA SIGMA
PHI DELTA CHI

Rho Chi

Rho Chi, national honorary pharmaceutical society, was established to promote the advancement of the pharmacoeconomic sciences through recognition and encouragement of scholarship. Alpha No Chapter was organized at the University of Tennessee in 1948.

New members are elected to the society after the completion of the fifth quarter of the College of Pharmacy. These candidates must show a high level of achievement in the basic arts and sciences, as well as the art and science of pharmacy, as evidenced by strength of character, personality, and leadership. The high standards of scholarship demanded for election to membership, symbolized by the Rho Chi Key, provide a scholarship incentive unequalled by other awards.

This year’s activities were rewarded by a second place finish in national competition for the Rho Chi Chapter Award.

FIRST ROW: Dr. Ahlberg & Rosenblatt, Faculty Advisor; Gary W. Cogg, President; Larry G. Kersey, Vice-President; Mary B. Carroll, Secretary; Jerry G. Kersey, Vice-President; Mary D. Blankenship, Historian; Dr. Selim J. Peay, Dean; Dr. Martin L. Hamburger, Dean Emeritus; Dr. John Aron, Faculty; Dr. Kenneth S. Allen, Faculty THETA ROW: Dr. James E. Brander, Faculty; Dr. George C. Bolley, Faculty; Dr. Frederick Chang, Faculty; Dr. Karl Goldman, Faculty; Dr. Albert H. Marot, Faculty.

FOURTH ROW: Dr. Andrew Leland, Faculty; Dr. Homer Lucas, Faculty; Dr. James L. Lucas, Faculty; Dr. Jan W. Mathieson, Faculty; Dr. Mark J. Morgan, Jr., Faculty; Dr. Donald Phillips, Faculty; Dr. William H. Saffo, Faculty; Dr. Florence C. Saffo, Faculty.

Student American Pharmaceutical Association

The student branch of the American Pharmaceutical Association was organized in 1948 at the University of Tennessee Medical Unit. The association allows the student to learn the responsibilities and privileges of his chosen profession.

We have arranged programs with speakers from different fields of pharmacy on many informative subjects. Our main project for the year was to inform high school students of the dangers of drug abuse. These programs took us all over the state reaching thousands of young people.

The student branch also sponsored "The Graduate", an annual publication to inform pharmacists of Tennessee of the graduating class. The All Pharmacy Banquet is another A.Ph.A. project which recognizes the outstanding student for the year.

Lottie Lepley talks to the Young Republicans Club on the 3-alarm of drug abuse.

Student A.Ph.A. officers: (left to right) Bob Moore, Vice President; Tommy Burt, Treasurer; Lottie Lepley, President; Debra Richardson, Secretary.

The Rammage Sale proved to be a good money-making project.

Both husbands and wives ate heavily at the pot luck supper.

Cord Garrett was the featured speaker at the Student A.Ph.A. sponsored All Pharmacy Banquet in May.

The Junior Pharmacy Auxiliary was organized in 1951 as a means to promote friendship and fellowship among wives of the pharmacy students. The Auxiliary has had many useful projects during the past year. It has donated food to the needy families at Thanksgiving, and a donation was made to the Chaplain's Fund of Baptist Memorial Hospital. A potluck supper was a fun night for both the husbands and wives.

Our sponsors were Mrs. Eleanor Smith and Mrs. Ann Higginbottom, who were introduced at a tea given in September to welcome the incoming wives. A banquet is given in May honoring the wives of the graduating seniors.

Junior Pharmacy Auxiliary
I see it, but I don't believe it.

Diane, I don't believe it.

Here's where it all starts.

You say this is the way to dispensing lab.
Kappa Psi

The first pharmacy fraternity of the professional fraternities, Kappa Psi, was founded at Russell Military Academy, New Haven, Connecticut, on May 30, 1879. Since that time Kappa Psi has steadily progressed to its present strength of 51 active collegiate chapters and 24 active graduate chapters with more than 50,000 members. Psi chapter was organized in Memphis in 1913, and since has become the largest pharmacy on the U. T. campus. We boast over a hundred active members and are presently among the largest chapters in the nation.

We of Kappa Psi are well known as campus leaders, holding many class offices, and also in various other organizations on the campus. Kappa Psi is always an outstanding competitor in the intramural athletic league, participating in all intercollegiate contests and ranking high in the standings.

Our chapter is especially fortunate to have such fine supervision from our faculty members: Mr. Charles Smith, Dr. Seldon D. Feurt, Dr. Karl J. Giddens, Dr. Roswell S. Massey, Dr. Ian Mathison, Dr. Sidney A. Rosenbluth, Prof. William R. Swafford, and Dr. Ronald Quintana. Kappa Psi is looking forward to another fine year with the hope of growing even better through the continued efforts of the officers, members, and alumni.

Another supply for Kappa Psi.

Kappa Psi

Jim Egge entertaining at Kappa Psi's annual Christmas party for the Foster-Leath home.

At least they thought it was funny.
Lambda Kappa Sigma was founded at the Massachusetts College of Pharmacy on October 14, 1913. It is the largest professional sorority for women enrolled in pharmacy. The basic concern of the sorority is to train young women culturally, socially, educationally, and professionally. Internationally there are 81 active chapters and 19 alumni chapters. On May 18, 1951, the University of Tennessee's Alpha Epsilon Chapter received its charter.

The purpose of Lambda Kappa Sigma is to promote the profession of pharmacy. Basic for membership are character, scholarship, and personality. Today the sorority is a vital and significant force among women in pharmacy.

Activities for the year included a fund-raising spaghetti supper, supporting of an orphan in Appalachia picnic and bicycle ride for new students, candy sale, and a Christmas party. The national project for the sorority was supporting U.S.S. Hope. A rush party for the new members was held prior to initiation. The strength of the sorority was enhanced by the initiation of 17 new members.
Since eleven men gathered at the University of Michigan on November 1, 1885, and established the first chapter of Phi Delta Chi, it has grown to include over twenty thousand members and 45 chapters. In further attempts to effect an organization to advance the science of pharmacy, and to foster and promote a fraternal spirit, graduate chapters have been organized. These chapters now total 78, including two in Tennessee, the Nashville Alumni Group and the Omega Graduate Chapter. Founded in 1922 as the 26th member of the Phi Delta Chi family, Under the leadership of faculty advisor, Dr. A.R. Haskell, Omega has enjoyed a highly successful year during the 1967-68 school term.

One of the major highlights of the year was the Phi Delta Chi dance on Friday night and cocktail hour prior to the ballgame on Saturday. During this hour, the chapter played host to rushers, alumni and several members of the faculty and state board. Other events included the annual rush party, fraternity initiation and elections.

Omega has been well represented in campus politics. Bill Eudaly served as president of the student body. Dick Gourley was director of Program '68 and president of the junior class. Jimmy Gentry was president of the sophomore class, and Phil Buggins was president of Interfraternity. Several members were honored at the All-Pharmacy Dinner-Dance. Included in these was Quentin M. Nix, the recipient of the Dean R.L. Corson Award for outstanding senior Phi Delta Chi.
Phi Delta Chi

I still say this isn't chicken.

"The pull bears... for McNally's funeral."
But daddy, I want to be a pharmacist.

Late night entertainment.

Who the h— said I was a preacher's child.

Let's see—was that 20 GM of-atropine or 30 MG?

But, isn't this a 1950's party.

The Student Council of the College of Nursing coordinates all student activities of the three nursing classes. Among the programs planned each year are a welcoming party and orientation for new students, sponsorship of the outstanding student nurse center, a spring dance, student-faculty tea and meetings, and a senior tea.

The Student Council works with the faculty and the Medical Units to help solve some of the problems of the complex, to implement and support programs, and to promote the personal and professional growth of each student.
U. T. Nurses Basketball Team

A thirty-one game winning streak compiled over a two-year period, the successful defense of their Memphis Nurses League title, the championship of the Volunteer Nurses Tournament, and a third place finish in the 1966 Cotton States Tournament, were many of the highlights of the 1967-68 season for the U. T. Nurses basketball team.

The team ended up with a 15-1 record against nursing schools and won 76-4 versus all opposition, the best in the school's history. Individual honors went to Sandy Poal and Anne Banner who were named to the Cotton States All Star team, the third year in a row for Sandy. In addition to being undefeated in Memphis league play, U. T. successfully retained the traditional cinder job, defeating Indiana University in February. On the road, the girls won the fall tournament in Knoxville, completed a two game sweep in Nashville in January, and defeated arch rival St. Edward in Ft. Smith in early February.
Alt 1mil11 ontl bl•ek bont/1!

All smiles and black bands!

Walt, there's one more drop.

Could it be safeguard?

"The Boneston Trio."

Alright, everybody line up for inspection.

Wash, wash, wash!

Yes, it goes under there!

The afternoon of the test before.

Who ever heard of an engagement shower!

ORGANIZATIONS AND ATHLETICS
Student Council

The Executive Board of the Student Council has initiated various projects during the school year to benefit each student.

Two amendments were made to the Constitution of the Student Council: (1) The student from each respective College serving on the Executive Board will occupy a seat on the Executive Committee of his respective College during disciplinary action involving a fellow student; and (2) The president of each graduating class will attend the Public Occasions Committee in the selection of a speaker for commencement.

The Student Council also worked very closely with the Student APhA in presenting Drug Abuse lectures to high school students which were used to promote Prognosis-68. This one day symposium on Drug Abuse was sponsored by the Student Council in April. The UT-Die Miss Victory Dance and the Student Council Banquet were functions which everyone enjoyed. The revision of the Student to Student Handbook and selection of the Scope and Yearbook staff also came under the duties of the Executive Board.

The Student Council would like to express its appreciation for the cooperation it received from the Administration of the University of Tennessee Medical Units during the past year.

Prognosis '68

Prognosis '68, a symposium dedicated to the enlightenment of the people of the Mid South, especially the teenagers with whom the future of our nation lies," had as its topic the growing concern of drug abuse.

The second annual program in the Student Council sponsored educational series had a distinguished list of guest speakers, providing a broad spectrum of knowledge. Those included on the roster of speakers were the

Prognosis '68 Committee members: (left to right) Bob Collins, Ron Leth, Mona Long, Bath Bernet, Annies Legler, Educational Director of Prognosis; Dick Groover, Director of Prognosis; Bill Estes, President of the Student Council; Wayne Colliefield, Treasurer of the Student Council; Pat Bridges, President of University; and Ian Eash.

Honorable Hessy Lusk, Dr. Homer F. Marsh, Reverend Donald Mason, Dr. F. J. Sauer, Dr. Charles Schuster, and Mr. Frank Holloway.

William A. Endall, president of the student council, served as moderator. Mr. Endall was one of the three directors for Prognosis '68, serving with APhA president Lonnie Legler and junior class president Dick Groover.

Prognosis '68 received critical acclaim and was attended by approximately 1,000, including faculty, students and many interested individuals from the Mid-South.

Left to right: Dick Groover, Director of Prognosis '68; Lonnie Legler, Educational Director of Prognosis '68; Bill Estes, President of the Medical Units Student Council.
The Student Union Board

The Student Union Board at the Medical Unit is made up of one student representative from each major school on the campus. They meet bi-weekly (more often when necessary) to plan activities for the entire student body.

This year's events included a Friday night movie series, dance mixers, buses to UT athletic events in the area, a bus tour of the city, and Nukey's Pizza Party, UT football films, a summer picnic and children's Christmas party, a moon series of Art films, and a "Meet the Memphis Mayoral Candidates" series.

A long-time objective of the group was finally met this spring with the highly successful first annual Medical Units Art Show.

"Meet the Memphis Mayoral Candidates" was a 1967 project of Student Union Board. Shows here is then-chairman and now Mayor—Henry Lath—answering students' pointed questions.

The first annual Medical Units Art Show was a "winner." Over 41 students, staff, faculty and their families contributed to its success.

"Meet the Memphis Mayoral Candidates" was a 1967 project of Student Union Board. Shows here is then-chairman and now Mayor—Henry Lath—answering students' pointed questions.

The Scope

The four student editors of "The Scope," the Medical Units Student Newspaper, were well occupied this year with the bi-monthly task of continuing the development of the now more than one-year-old publication.

Signs of the growth they added were in a larger staff of writers with a corresponding increase in feature and regular columns, increased distribution areas, and the sponsoring of "Choice '68"—a nationwide student Presidential primary. Students chosen here each their votes under the watchful eye of Linda Lawrence are (left to right) Bob Scovell, Debbie Warren and Mary Harbin.

"Scope" Editor Bill Gifford was Campus Coordinator for "Choice '68"—a nationwide student Presidential primary. Students chosen here each their votes under the watchful eye of Linda Lawrence are (left to right) Bob Scovell, Debbie Warren and Mary Harbin.

The four student editors of "The Scope," the Medical Units Student Newspaper, were well occupied this year with the bi-monthly task of continuing the development of the now more than one-year-old publication.

Signs of the growth they added were in a larger staff of writers with a corresponding increase in feature and regular columns, increased distribution areas, and the sponsoring of "Choice '68"—a nationwide student Presidential primary in which over half the Medical Units student body participated.

Unaided by the headline happenings of Columbia and other ivy league campuses, the Scope staff nevertheless was confronted with a variety of campus situations which they sometimes instrumental in alleviating and always acting in their ascribed role of giving "a view both macro and micro of our own ecological niche..."
The Nux Club, honorary society of the University of Tennessee Medical Unit, is composed of members who are representatives of the fraternities recognized by the Committee on Student Welfare. The Nux Club was organized in October 1931, for the purpose of the following:

1. Advancing the spirit of good will and fellowship among and between various fraternities of the University;
2. Promoting favorable publicity for the Memphis unit of the University.

The Nux Club includes the following fraternities:

- Phi Delta Chi
- Alpha Delta Pi
- Delta Upsilon
- Kappa Alpha

The Club meets regularly at several hospitals and nursing homes, and presented a program for the U.T. Faculty Women's Club.

The Club's executive committee, from left to right, are Jack Bennett, John Connolly, Ken Pinkston, Carol Huser, Robert E. Austin, Jim Boudreaux, and Jackie Anderson, alumni.

Caduceus Chorus

The Caduceus Chorus, composed of men and women students from all the colleges at U.T., was organized in 1961. Weekly rehearsals directed by Mr. Tommy Lane and accompanied by student vocalists Jackie Anderson, culminated in quite rare appearances and occasional out-of-town performances.

This year the group performed at several hospitals and nursing homes, and presented a new program for the U.T. Faculty Women's Club.

The chorus, existing primarily for "the fun of it," also played a number of social events during the year, climaxing by a spring outing.

The chorus' executive committee, from left to right, are Jim Bennett, Ann O'Connor, Sherry Paul, Kathy Morris, Carol Huser, Robert E. Austin, Jim Boudreaux, and Jackie Anderson, alumni.
The BIG NEWS this year for the Student Activities Staff has all been centered around the actualization of the long-awaited Student Center Complex.

When the move-in is completed ("sometime" in 1969), the old services offered by this always-on- call crew will be continued, e.g., orientation, graduation, part-time employment, student publications, athletics, social events, fraternity and other organizations' assistance, and seeking student bodies for events of interest to them. But these services and more greatly desired others will then be housed in more spacious and inviting quarters.

Construction on the student center (right) and women's dormitory was moving rapidly by late spring. (Photo courtesy of The Commercial Appeal.)

Office of Alumni Affairs

The Office of Alumni Affairs strives to be of service to the University and its alumni. It attempts to secure publicity which will increase the prestige of the University and aid in securing its adequate support.

It recognizes the achievements of alumni by keeping biographical records on approximately 12,000 alumni of the Medical Units, and the awarding of "Certificate of Merit" to alumni who have been in creditable practice for 50 years.

A newsletter, the Center-Grants, is mailed bi-monthly to every alumni, and other items of information are mailed periodically.

So that alumni can enjoy reminiscing, class reunions and area meetings are promoted.

Keep in touch with your alumni office when you have news or change of address.

Interfaith Association

This association has been conceived to co-ordinate denominational endeavors through a united effort within the Medical Center. Central to this concept is the erection of a single religious activities building which will include a chapel, offices allotted to the several chaplaincies and other accommodations for social and religious programs, including seminar rooms and lounges. Five religious groups are represented in the organization, Jewish, Roman Catholic, Episcopal, Methodist and Presbyterian. Provisions are made for other groups to affiliate if they so desire.

University Community Church

The University Community Church was planned by students in the Medical Unit to serve students and others affiliated with the medical community. It is non-sectarian in character. Worship services on Sunday morning are considered one of the necessary functions of this church. The services are conducted by chaplains of several denominations. Group study and discussions are provided. Social gatherings are offered, the most popular of which is a boat ride on the “Memphis Queen.”

Elected officers of the University Community Church form a council to determine policy and procedures. Elected are: James McLeland, Mary Claire Smith, David Harrell, Frances Martin, Don Meyers, Pauline Graham and Lee Malone.
Baptist Student Union

The 1967-68 ISU year began with a party on the familiar Mississippi River sand bar and a retreat to Camp Cordova where students were challenged to be "on Call" at all times for Christ.

State conventions attracted many students to East Tennessee for a weekend in the fall. Thanksgiving break provided an opportunity for American and international students to converse in Kentucky to share religious beliefs.

In the spring, state ISU retreat was held in Linden with the election of state officers highlighting the weekend.

Football Weekend

The weekend of November 18, 1967, was a memorable one on the Medical Units campus. It began with groundbreaking ceremonies for the new Student-Alumni Center on Friday afternoon, followed by the always well attended band concert in Forest Park. Friday evening found alumni celebrating with a dinner dance at the Rivermont.

The football game on Saturday afternoon was a natural. The earliest sellout in Memphis Memorial Stadium history, it pitted the nationally second ranked Tennessee Volts against their old enemies, the Ole Miss Rebels. 13000 students and wires attended from the Medical Units and were delighted as Tennessee finally broke the Ole Miss jinx 20-7, a victory that paved the way to the SEC championship. Saturday evening the Student Council sponsored all student dance at the Rainshow was well attended.

Once again, the Asklepieion made it to the press. We, the staff, enjoyed the privilege to be associated with the Asklepieion and hope it will bring pleasant memories in the years to come.

We extend special thanks to Mr. Jim Stockdale and Mrs. Liz Bullock and to Les and Eddie Cooper, our photographers, for another great job. Our hats are off to you!
Athletics

Climbing with a strong finish in bowling, Alpha Kappa Kappa (AKK) narrowly edged past Pi Omega (PO) to attain their second straight Intramural Championship. AKK led throughout most of the year until the final event of bowling, which saw AKK capture second place in the tournament and gain a ten point lead in the final Intramural standings.

The medical fraternity compiled their total point production by capturing first place honors in Homebrew, Swimming, Badminton Singles and Doubles, and a tie for first place in the Track Meet, and adding second place points in Volleyball, Handball Doubles, Bridge and Bowling. Runners-up PO took first place honors in the Track Meet and still retained a ten point lead in the final Intramural standings.

The ZIPS finished fourth by capturing top honors in Tennis Singles, Golf, Snooker Doubles, and third place in the Track Meet. Phi Delta Chi won first place in the Bowling tournament, and Phi Rho Sigma won the Snooker Singles tournament. The Independents won two runner-up spots while Delta Sigma took one second place.

Class Program

Spirited action and competition held forth in the Class Athletic Program, as the Dental Class of September 1968 captured the championship in Volleyball and Basketball; the Dental Class of September 60 were winners of Fast Pitch Softball and Touch Football; and the Dental Class of December 68 took the Slow Pitch Softball Championship. The basketball championship was particularly rewarding to the winner, in that for two previous years they had made

1968 Class Basketball Champions: Dental Class of September 68.

Charlie Falcon picks up yardage against Ole Miss in the '67 game at Mem- ountains. (Photo courtesy of Commercial Appeal.)

Best Athlete and Best Sportsman Awards are presented by Mr. F. J. Montgomery to Josh Turn P-9, Best Athlete and to John Cunningham, MD, for Best Athlete.

1967 Class Softball Slow Pitch Champions: Dental Class of December 68.

Anna Bemner (left) and Sandy Peel were UT player named to the 1968 Cotton States Nurses All Tournament Team.

The finals of the play-off only to lose. This year's wins gave the Dental Class of September 68, four championships, one behind the biggest class champion winner, Dental Class of June 67.

The annual U.T. Open Golf Tournament was held again with A. B. Buddly Showdowz named Dr. Kommet Munday as the Open Champ.

Winners in the 67 U.T. Open Golf Tourney:

Championship Flight: A. B. Sisco, Medical Class of Dec. 69
1st Flight: Dr. Joe Hugled, Resident JGH
2nd Flight: Dr. Edmore Taylor, Chm. Pharmacology Dep.
3rd Flight: David Barto, Dental Class of Dec. 67

UT Open Golf Winners: (From left) David Barto, 3rd Flight, A. B. Sisco, Championship Flight, W. Dr. Edmore Taylor, 2nd Flight.
Women's Athletics

There are three intramural teams representing each of the major divisions of women students on campus (Dental Hygiene, Nursing, and Pharmacy) and a compilation of the minority groups (Cyn., Histo, Med., Med. Tech., Physical Therapy, X-Ray, and Grad. Students) comprises the fourth team—the Et Cets.

In addition to intramural athletics, there is a Nurses Basketball Team, which plays in the City Nurses League as well as in several games and tournaments in and out of the city.

Winners of the Women's Intramural team events in 1967-68 were:

- Volleyball
- Basketball
- Softball
- Nurses
- Et Cets

Intramural Basketball champions, the Et Cets, plan between quarterfinal strategy.

Basketball champs, the Et Cets, presented a solid wall of defense against Dental Hygiene forwards.

The "Tennessee Spirit" is epitomized by UT Nurse Brenda Brounning in action at the Cotton States Nurse Basketball Tournament. (Photo Courtesy Commercial Appeal.)

The U.T. Nurses who were undefeated in league play, are seen in an early season game against the Baptist Nurses.

Lack of team spirit was NOT what kept the second place Dental Hygienists out of the top spot in the basketball tournament.

In spite of the efforts of the Et Cets Manager, Glenna Bellard (at bat), the Nurses squared them 12-20 in the climax of the softball Tournament.
Richard Cox takes a swing in the Pop O-Zip softball game.

All eyes up for a rebound in the Class Basketball Championship game.
