Asklepieion is a word derived from the name of Aesculapius, the Greek god of medicine and healing. Aesculapius was honored and worshipped throughout the Greek world by persons seeking the healing powers of the physician. Temples were erected in honor of Aesculapius near healing springs or high mountains. Those who worshipped him were known as Aesculapae. Therefore, the temples in his honor were known as Aesculapions (Asklepieions). In the ancient city of Memphis, on the Nile River, there was a temple where people went for worship and for care. In our own city of Memphis, on the Mississippi River, people come to our Asklepieion for healing and care.

Bill Robinson, Former Vice Chancellor, Student Affairs
UT MISSION STATEMENT...

"The mission of the University of Tennessee, Memphis is to improve human health through education, research and public service, with an emphasis on improving the health of Tennesseans".
SGAEC helps dedicate new rock-climbing wall
Repelling Ropes Unfold......

Every student who was anyone was on hand for the formal dedication of the new Rock-climbing wall. This added feature to the already well equipped Recreation Center was well received by thrill-seeking students, faculty and staff.
Each term the Office of Student Life administers student activities which provide an opportunity for students to escape the ongoing stresses of their educational experience. These special events are planned, promoted, and carried out with the assistance of the student Entertainment Committee and members of the SGAEC. Some of the more successful events this past year were the ever so popular "5:00 Friday" social gatherings, the "Coffee Break" held during the lunch hour, and the second annual "Student Appreciation Day" which consisted of a huge "Party in the Pit", otherwise known as the amphitheater.
Unlolclin$ inhibition1

ites were something very special that seemed to unfold quite often this past year, especially around the 5:00 hour. Every year the Office of Student Life spends countless hours, with the help of the student Entertainment Committee and the SGAEC preparing an ongoing series of social mixers that have come to be known as "5:00 Friday". This past year we went to several places around town such as the Rust Boogey, BB King's, and the Memphis Pizza Cafe. Literally hundreds of students turned out for these events. As depicted in these photographs, there is no doubt that this series of social mixers is very successful and serves a useful purpose.
STUDENT APPRECIATION DAY

Party Unfolds in the Pit

The second annual Student Appreciation Day was a tremendous success. The "Party in the Pit" attracted over 600 students. UT students took over the amphitheater for an afternoon of food, fun, and games. Many door prizes were donated by various sponsors. The Memphis Redbirds, 98 MFS Radio, and many other organizations were on hand to help make this party worthy of the UT Memphis student. This memorable event was organized by the Office of Student Life, the SGAEC, and the student Entertainment Committee.
Hundreds of students along with faculty and staff members came through the south lounge of the Student Alumni Center for a taste of some deliciously flavored international coffee. The Office of Student Life, members of the Entertainment Committee, and the SGAEC served up coffee that originated from continents around the world. Flags from around the world were flying high as this was turned into an event with international flavor. The musical entertainment provided by Brian Green, a College of Medicine student, was in very good taste. Of equal taste, was the coffee, tea and cookies that were provided free of charge to the students. The “Coffee Break” with its strong support from the student body is fast becoming a UT Memphis tradition.
The University Health Services Office was giving their annual free flu vaccinations, and the Office of Student Life turned it into a big party. With the support of the SGAEC and the Entertainment Committee, treats were provided for the brave at heart. Thousands of students, faculty, and staff showed up for a free flu shot and some free treats at the “Boo! Flu” event.
The Office of Campus Recreation is a focal point for recreational opportunities at UT Memphis. Physical activity plays a vital role in the development and maintenance of a "healthy, well-adjusted" individual. The programs offered by Campus Rec are a means to educate, provide opportunities for competition and social and personal interaction between students, provide assessment and guidance in the area of fitness, and to provide student leadership opportunities.

The Outdoor Adventures Program provides opportunities for personal challenge and discovery. Our goal is to bring enjoyable and worthwhile experiences by introducing students to the many areas in Tennessee and nearby regions that offer outdoor recreation opportunities. Participants are instructed on a variety of skills such as camping, canoeing, reading a trail map, trip planning, and wilderness cooking. These skills can then be transferred to our personal lives giving us the ability to take charge of our own circumstances, overcome fears, and become active in group decision making.
The competitive nature of sports, even in a recreational setting, win or lose, is a great self-esteem builder.

CHRISTIAN MEDICAL & DENTAL SOCIETY

INDEPENDENT PRESBYTERIAN BIBLE STUDY

INTERNATIONAL ASSOCIATION

MUSLIM STUDENT ASSOCIATION

UNITED METHODIST FELLOWSHIP
In 1980 the Imhotep Society became an officially recognized organization on campus, for the purpose of honoring students, faculty, staff, and alumni who have significantly contributed to student life and student process at UT Memphis. It was recognized that many student leaders, in performing their functions and assignments, may have sacrificed high academic accomplishments and thus did not receive recognition through those organizations which traditionally honor students for high academic achievement.

While the principle objective of the Imhotep Society is to reward and recognize student leadership and service on campus, a secondary goal is to inspire students to continue leadership and service roles as alumni of the University.

UT STUDENTS WIN SCHOLARSHIPS
UT College of Dentistry students John McLemore and James Pledger won scholarships from the Thomas Hinman Dental Society. The awards were presented at the 86th annual Thomas Hinman Dental Meeting in Atlanta on March 25, 2000. McLemore and Pledger were selected by the deans of the dental school to receive the scholarships, which are based on academic performance and need. The Thomas P. Hinman Dental Society has promoted continuing education in the dental profession since its founding in 1912. This year, the Society provided scholarships to students at 32 colleges and universities in Alabama, Florida, Georgia, Kentucky, Mississippi, North Carolina, Ohio, Pennsylvania, South Carolina, Tennessee, Virginia, and West Virginia.

PSI OMEGA FRATERNITY

Founded in 1892, the Psi Omega Fraternity aims to provide dental students with a means for relaxation from studying without interfering with students’ academic standing. It is believed that such a balance between education and recreation results in a more well-rounded student.

XI PSI PHI FRATERNITY

Xi Psi Phi Fraternity is a fellowship of those having chosen the career of dentistry. Its purpose is to provide a more substantial foundation upon which to build a professional life. It honors the principles of knowledge, morality, and fellowship.
The American Student Dental Association serves as the governing body for the College of Dentistry. The executive council consists of elected representatives from each class, dental fraternity presidents, class presidents, and selected chairs. In addition, four officers are elected by the entire student body. This council meets weekly to discuss issues relating to the administration, faculty, and student life.

STUDENT NATIONAL DENTAL ASSOCIATION

OVERVIEW - The Student National Dental Association (SNDA) was incorporated in 1972, over 50 years after its parent group, the National Dental Association. It was created to encourage minority dental students in the pursuit of a dental career. The SNDA addresses the needs and concerns of minority dental students. The organization serves as a support group for minority students and works to provide a national communications network among students as a means of improving the health-employment distribution among minority and ethnic groups. SNDA works closely with the NDA and strives to educate and involve members in the social, moral, and ethical obligations of the dental profession. The University of Tennessee actively pursues the organization's goals, is heavily involved in the profession, and is involved in the recruitment of minority students. Social activities for members and services to the school and dental community are among the many areas addressed by the local SNDA chapter.

COMMUNITY INVOLVEMENT - The members of the SNDA hope to provide not only a support network for our members, but for our campus and community as well. In this effort, the SNDA strives to act as a vehicle to educate and involve members in the social, moral and ethical obligations of the dental profession. In order to achieve this goal, our members have committed themselves to performing at least one public service activity per month.

The Joint Biomedical Engineering (BME) Program between the University of Tennessee Health Science Center and the University of Memphis allows students to obtain M.S. and Ph.D. degrees and concentrate in one of four different tracks: biomechanics, cell and tissue engineering, electro physiology, and medical imaging.
Biomedical Engineering

"Biomedical Engineering is a discipline that advances knowledge in engineering, biology and medicine, and improves human health through cross-disciplinary activities that integrate the engineering sciences with the biomedical sciences and clinical practice."

Biomedical Engineering Society (BMES)

Above: Co-Presidents Kristine Olney and Yvonne Lentz
Picture at left: Biomedical Engineering students mingling at a BMES social function.

"Biomedical engineers may be called upon to design instruments and devices, to bring together knowledge from many sources to develop new procedures, or to carry out research to acquire knowledge needed to solve new problems."

Institute of Electronic and Electrical/Engineering in Medicine and Biology Society (IEEE/EMBS)

Above: Co-President Nicolle Mariner, Secretary/Treasurer Chris Oehmen, and Co-President Ashish Arvai
At right: BMES students interacting after a team-building workshop hosted by IEEE/EMBS

"Student Societies function to bring together students and professionals who have educational, research, or practical experience in biomedical engineering or in an allied scientific field. Individuals can develop leadership abilities and professional qualities among the student members as well as providing an environment for social interaction and exchange of ideas between all levels of undergraduates, graduates, faculty, and other professionals."

Student Activities

BME students are learning effective communication through a team building activity hosted by Mr. Oehmen from FedEx.

Did you know [...]"BME students swept all five awards at the 1999 2nd Tennessee Biomedical Engineering conference hosted by Vanderbilt in Nashville, Tennessee."

"In 2000, BME students placed in 6 out of the 10 awards at the 3rd Tennessee BME Conference in Knoxville."

At left and below: BME students and faculty mingling at the 1999 Joint Program Christmas Party hosted by Dr. Newman.

Match Day
March 16, 2000
Alpha Omega Alpha is the only national honor society in the world. Its reason for being can be expressed in a phrase: to recognize and perpetuate excellence in the medical profession. As stated in the society’s constitution, “Alpha Omega Alpha is organized for educational purposes exclusively and not for profit, and its aims shall be the promotion of scholarship and research in medical schools, the encouragement of a high standard of character and conduct among medical students and graduates, and the recognition of high attainment in medical science, practice, and related fields.” AOA elects outstanding medical students, graduates, alumni, faculty, and honorary members to its ranks. The society’s key is designed after the Manubrium Sterni. The letters AOA, engraved on the key, represent not only the name of the honor society, but the essential words in its motto: Αξιος ωφέλειν τοις ολγοῦτας

“To be worthy to serve the suffering”

MSEC 1999-2000

The Medical Student Executive Council is the governing council of the student body of the University of Tennessee College of Medicine, representing the students both to the faculty and to the administration of the university and to the Memphis community. The Council serves to represent all students in the College of Medicine and addresses issues affecting students' overall learning experience. MSEC is comprised of elected members from all four classes as well as of student representatives from organizations recognized by the College of Medicine. In addition, the MSEC annually elects a student to serve on each of the college administrative committees and on the admissions committee.

Phi Chi

Located on the campus of the University, the Alpha Beta chapter of Phi Chi is the largest chapter of the largest medical fraternity in the country. The goal of Phi Chi is to offer all medical students an opportunity to join an organization that will help them make the best of their medical school years. Each person who joins does so for their own reasons, and not all who join live in the house. However, every member has access to all the facilities Phi Chi has to offer. Members have been living at the house, New Baldair, since 1970. Phi Chi continues to provide a strong history of service, tradition, and brotherhood.

Top Left: Phi Chi members in front of New Baldair. Top Right: Members kick back at the Back To School Party. Bottom Left: Service projects allow members to give back to the community. Bottom Center: Biweekly dinners give members a chance to catch up. Bottom Right: Phi Chi alumni from the 1940s to 1999 at the Founder's Day Banquet.

You never know where a nurse might POF up!

We’re OUTA here!!

Can’t just can’t believe Matt got an 'A'!
The UT College of Pharmacy faculty are known nationwide for their contributions to pharmacy practice and pharmacy research. The area the rest of the country does not see, and the part that keeps UT College of Pharmacy ranked in the top 10 pharmacy schools in the nation consistently, are the relationships they strive to make with their students. Because of their bringing the teaching outside the classroom, whenever students graduate from UT, they have already made colleagues and friends.

It takes someone special to become a leader. The University of Tennessee prides itself in not only graduating pharmacists but individuals that will become tomorrow's leaders.
Academy of Students of Pharmacy

Always on Top
The Student National Pharmaceutical Association (SNPhA) was founded in 1972 as a affiliate of the National Pharmaceutical Association (NPfA). The first meeting was held on the campus of Florida A & M University, Tallahassee, FL. SNPhA is an education and service association of pharmacy students and high school affiliate members, concerned about pharmacy, and health care issues; and the need for greater minority representation in pharmacy and other health professions. The purpose of SNPhA is to plan, organize, coordinate and execute programs geared toward the improvement of the health, social, and educational environment of the community; while providing opportunities for professional development.
"Kappa Psi Pharmaceutical Fraternity lives up to the standards set long ago of Brotherhood, Industry, High Ideals, and Sobriety. We have these four virtues and take them out into the community. This year, we saw a lack of communications in the community. Kappa Psi brothers helped with global 4,000 immunizations. Our annual Trick-or-Treat for can goods was more successful than ever with donations over 400 pounds of food to the local food bank. We understand that UI will be able to teach us pharmacy, but Kappa Psi helps make us the well-rounded pharmacist."  

Kaleh Brown - Reporter
Phi Delta Chi is a national coed professional pharmacy fraternity. It is the first pharmacy fraternity and was founded in 1883 at the University of Michigan in Ann Arbor. The Chapter at the University of Tennessee is the Omega Chapter, and it was the first pharmacy fraternity on campus. The objective of Phi Delta Chi is to advance the science of pharmacy and to foster among its members and provides the pharmacy student with leadership skills and professional and social experiences to enhance their character. Some civic activities include monthly blood pressure screenings, holiday parties for the Loving Arms Children, sponsorship of Forest Park, Habitat for Humanity, and the national fund raising campaign for St. Jude Children's Research Hospital. The service activities are done along with the many faculty alumni here at the University of Tennessee at UT. The benefits received from Phi Delta Chi include: professionalism, scholastic encouragement, social awareness, brotherhood and fraternalism.

Look what unfolded
Roger Clemens helps the New York Yankees beat the Atlanta Braves in four games to win the 1999 World Series.

The Dallas Stars capture the Stanley Cup with Scott Nabh’s game-winning goal in triple overtime.

In sports, it was a year for firsts. Forty million viewers tuned in to watch the U.S. Women’s Soccer Team triumph over China and Tiger Woods win six straight PGA tournaments. The Dallas Stars became the first team since the 1994 New York Rangers to win both the President’s Trophy and the Stanley Cup in the same season. In addition, Lance Armstrong overcame a bout with cancer to win his first Tour de France.

Mia Hamm and Brandi Chastain lead the team in a 5-4 narrow, penalty-kick victory over China to win the Women’s World Cup.

David Robinson and Tim Duncan triumph against the NY Knicks in the NBA Finals.

Chicago Cubs’ right fielder Sammy Sosa hammered out a big 63 home runs in 1999.

Although Andre Agassi loses to Pete Sampras in the 1999 Wimbledon Championship, he finishes the year ranked #1.

In a 5-4 narrow, penalty-kick victory over China to win the Women’s World Cup.

The year 2000 was greeted with celebrations across the globe, including a fantastic fireworks display at the Eiffel Tower and religious ceremonies in Jerusalem. Looking back on 1999, we see a year filled with hope for the future, but also a year plagued by war and natural disaster. The conflict in Serbia kept the world on the edge of its seat, while earthquakes, tornadoes and winter storms focused our attention on international relief efforts. In 1999-2000, we also said goodbye to some of the world’s most beloved celebrities including John F. Kennedy Jr., Walter Payton and Charles Schulz.
MUSIC

BACKSTREET BOYS
The Backstreet Boys release their much anticipated sophomore album "Astro Lounge."

JENNIFER LOPEZ
Latina actress and singer Jennifer Lopez debuts her pop album "On the 6," scoring a dance hit with "If You Had My Love."

FAITH HILL/TIM MCGRAW
The country couple both receive nominations at the 1999 American Music Awards. Faith Hill's album "Breathe" debuts at #1 on the Billboard Top 200.

RICKY MARTIN
"Livin' La Vida Loca" and "She's All I Ever Had" take Ricky's first English album multi-platinum.

BRITNEY SPEARS
"Boy Bands" and Latin superstars lead the 1999-2000 music scene. 'NSYNC and Backstreet Boys keep fans screaming for their good looks and slick dance moves. Ex-Menudo vocalist Ricky Martin wows audiences with his first English album, and actress/singer Jennifer Lopez scores big with her own first album. "On the 6." The biggest success story of the year, however, is former Mouseketeer Britney Spears' meteoric rise to fame via her debut LP "...Baby One More Time."

Alternative band STASHMOUTH releases their much anticipated sophomore album "Astro Lounge."

JENNIFER LOPEZ
Latina actress and singer Jennifer Lopez debuts her pop album "On the 6," scoring a dance hit with "If You Had My Love."

FAITH HILL/TIM MCGRAW
The country couple both receive nominations at the 1999 American Music Awards. Faith Hill's album "Breathe" debuts at #1 on the Billboard Top 200.

RICKY MARTIN
"Livin' La Vida Loca" and "She's All I Ever Had" take Ricky's first English album multi-platinum.

COMEDIAN ADAM SANDLER tries his hand at parenting to impress Joey Lauren Adams. Co-stars include Cole and Dylan Sprouse and SNL buddy Rob Schneider.

Joey Lauren Adams and Robert Redford reunite in this heartwarming love story about a skittish bride-to-be.

George Lucas makes history again with the 1999 release of "Star Wars: Episode I - The Phantom Menace." Star Wars fans waited in line days before the premiere in hopes of being one of the first to see the prequel.

"10 Things I Hate About You," a remake of The Taming of the Shrew, introduces newcomer Julia Stiles as a high school student who presents a challenge to her suitor Heath Ledger.

Keenan Reeves stars as a 21st century backer in "The Matrix." This ground-breaking science fiction film excites audiences with computer-generated effects and superbly choreographed fight scenes.

The Mummy

Richard Gere and Julia Roberts reunite in this heartwarming love story about a skittish bride-to-be.

Natalie Portman, Liam Neeson, and Ewan McGregor star in the highly anticipated prequel to the original Star Wars trilogy.

THE MATRIX
Incredible special effects and kung-fu fighting make this sci-fi thriller an instant classic. Keenan Reeves trained for months to pull off moves like this.

TLC returns to the hip-hop scene with "Fan Mail," featuring the singles "Come On Down" and "No Scrubs."

Backstreet Boys release their much anticipated album "Astro Lounge."

Jennifer Lopez debuts her pop album "On the 6," scoring a dance hit with "If You Had My Love."

Ricky Martin's "Livin' La Vida Loca" and "She's All I Ever Had" take his first English album multi-platinum.

Brendan Fraser stars as a soldier in the foreign legion who helps unleash a wicked curse in turn-of-the-century Egypt.

Brendan Fraser stars as a soldier in the foreign legion who helps unleash a wicked curse in turn-of-the-century Egypt.
TIME OF YOUR LIFE
In a "Party of Five" spin-off, Jennifer Love Hewitt's character, Sari, moves from San Francisco to New York, striking out on her own in search of love, success and her estranged father.

E. R.
Julianne Margulies, winner of four consecutive Emmy nominations for her role as head nurse, Carol Hathaway, enjoys the fifth season, with the rest of the "E.R." cast.

WHO Wants To Be A MILLIONAIRE
Contestants, chosen by a call-in selection process, compete to win increasing amounts of money up to $1,000,000. Regis Philbin coined the phrase of the year with "Is that your final answer?"

FRIENDS
As the leadoff series on NBC's "Must See TV" lineup, "Friends" continues to enjoy ratings success after six seasons, reaching an audience of 23.5 million people each week.

STARK RAVING MAD
Neil Patrick Harris (Drag Me Down) stars as Henry Nickly, a young book editor who is thrust into the chaotic, and often hilarious, world of a bestselling horror writer.

7TH HEAVEN
Featuring cast members Jessica Sied and Barry Watson, the WB Network's wholesome "7th Heaven" continues to follow the trials and tribulations of the Camden family.

The networks presented us with a dazzling variety of shows, many of them teen-oriented. The WB Network led the way with "Buffy the Vampire Slayer," "Dawson's Creek" and newcomers, "Roswell" and "Popular.

Finally, talk show personality Regis Philbin crossed over to game shows asking the country, "Who Wants To Be A Millionaire?"
By the end of this millennium, 200 million people are online. E-mail becomes a quick and easy alternative to "snail mail."
