

# ASKLEPIEION

(ə-'sklē-pē-on)

*Ceremonial Hestiatoreion at the hill-top sanctuary of Apollo Maleatas.*

Asklepieion is a word derived from the name of Aesculapius, the Greek god of medicine and healing. Aesculapius was honored and worshipped throughout the Greek world by persons seeking the healing powers of the physician. Temples were erected in honor Aesculapius near healing springs or high mountains. Those who worshipped him were known as Aesculapae. Therefore, the temples in his honor were known as Aesculapions (Asklepieions). In the ancient city of Memphis, on the Nile River, there was a temple where people went for worship and for care. In our own city of Memphis, on the Mississippi River, people come to our Asklepieion for healing and care.

## *SGAEC: behind the scenes*

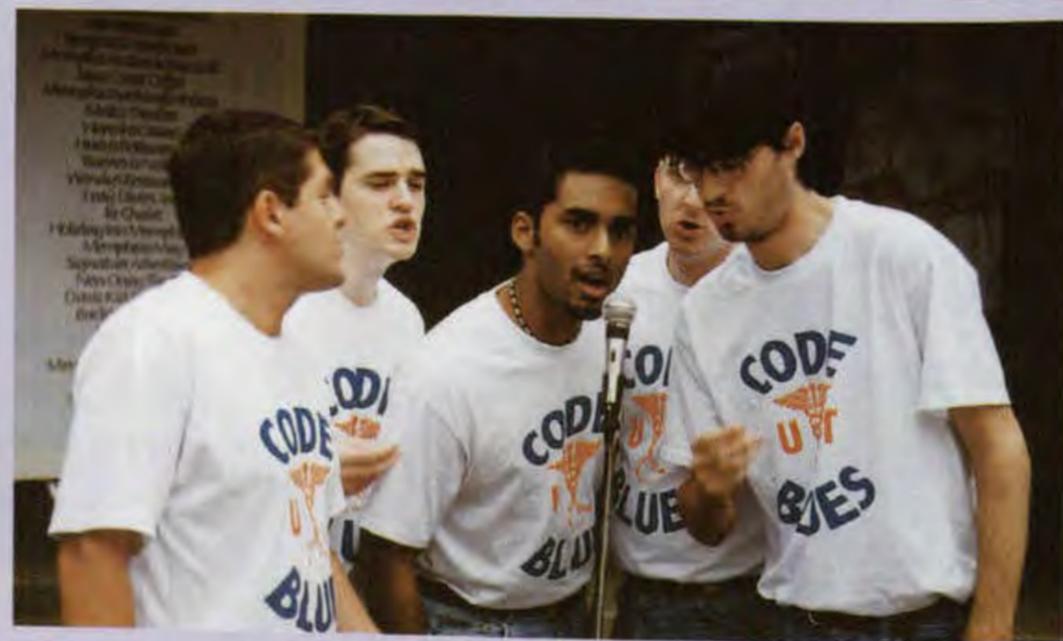

Constantly evaluating ideas to improve the UTHSC campus on behalf of students, the SGAEC has provided, via the Campus Improvement Fund, computers, printers, and scanners for the Computer Lab; aerobic machinery, weights, and a new whirlpool (near future) for Campus Recreation; and improvements to Doc's Field. The SGAEC, working to make UT the best educational experience it can be.

# STUDENT LIFE

Throughout each year the Office of Student Life plans and coordinates student activities which provide an opportunity for students to revive from the ongoing stresses of their educational experience. These special coordinated events are energized by the dedication and involvement of the student Entertainment Committee and members of the SGAEC. Some of our memorable events this year were the ever popular social gatherings: "5:00 Friday", "Coffee Break", "Student Appreciation Day", and "Redbird's Night".

Student Appreciation Day attendees hustle on the bungee run before settling down to a rare performance of UT's own "Code Blues".

Throw in second year boards on top of Redbirds Night (top), Student Appreciation Day (top right), 5 O'Clock Friday (middle left), and Coffee Break (bottom right), and guys like Justin King and Thomas Hunter just gotta crash and recharge (middle right).

# 5:00 FRIDAY

Every year the Office of Student Life with the help of the student Entertainment Committee and the SGAEC coordinate an ongoing series of social mixers known as "5:00 Friday". This past year we took over Memphis Pizza Cafe and the High Point Pinch. A great way to unwind, these highly requested mixers have become popular events for socializing and stress release.

Pictured are students enjoying the High Point Pinch buffet, not to mention 83 pizzas and 100 pitchers of soft drinks at Memphis Pizza Cafe.

# STUDENT APPRECIATION DAY

The Student Appreciation Day was a tremendous success. Our annual celebration of students in all colleges was full of activities from faculty and administration serving hamburgers to massage, caricature artist, bungee run, henna art, balloon art, scuba diving, laser tag, and the rock climbing wall.

More fun on the bungee run, while other students enjoy lunch before experiencing culturally expressive henna art.

Students prepping to enter the high tech laser tag (top). Some very determined students on the bungee run (middle). The perennial favorite massage chairs (bottom).

# COFFEE BREAK

**T**he Office of Student Life, members of the Entertainment Committee, and the SGAEC served up coffees from around the world at one event, gourmet coffees at another, and regular old pots of leaded and unleaded during finals. Either way, students enjoy the chance to mingle and unwind.

*GEB and SAC lounges prove to be great places to kick back, interact, and enjoy a good cup of coffee, and maybe a snack.*

**U**niversity Health Services again offered free annual flu vaccinations, and the Office of Student Life supplied the atmosphere. With the support of the SGAEC and the Entertainment Committee, treats were provided after the needle. Hundreds got free flu protection and free treats at the "Boo! Flu" event.

# UTHSC

# Food, Fun & Baseball

# Redbirds NIGHT

Everybody loves "Rocky". Students fill up on a buffet and then settle into their seats to enjoy a great game of Redbirds baseball in Memphis' most recent success, AutoZone Park.

# Campus RECREATION

**T**he Office of Campus Recreation is a focal point for recreational opportunities at UTHSC. Physical activity plays a vital role in the development and maintenance of a "healthy, well-adjusted" individual. The programs offered by Campus Rec are a means to educate, provide opportunities for competition and social and personal interaction between students, provide assessment and guidance in the area of fitness and to provide student leadership opportunities.

Each of the programs offered by the Office of Campus Recreation; Intramural Sports, Outdoor Adventures, Fitness & Wellness, and Instructional, provide valuable opportunities for growth and great times as illustrated in these photographs.

# OUTDOOR ADVENTURES

*The Wonders of Nature...*

*The Outdoor Adventures Program provides opportunities for personal challenge and discovery. Our goal is to bring enjoyable and worthwhile experiences by introducing students to the many areas in Tennessee and nearby regions that offer outdoor recreation opportunities. Participants are instructed on a variety of skills such as camping, canoeing, reading a trail map, trip planning, and wilderness cooking. These skills can then be transferred to our personal lives giving us the ability to take charge of our own circumstances, overcome fears, and become active in group decision making.*

*The Outdoor Adventures Program presented UTHSC students an opportunity to experience the wonders of nature. As depicted on this page, students had some great times together while overcoming many obstacles in the wild.*

*Champions in All Sports...*

# INTRAMURALS

*The competitive nature of sports, even in a recreational setting, win or lose, is a great self-esteem builder.*

# The Imhotep Society

In 1980 the Imhotep Society became an officially recognized organization on campus, for the purpose of honoring students, faculty, staff, and alumni who have significantly contributed to student life and student process at UTHSC. It was recognized that many student leaders, in performing their functions and assignments, may have sacrificed high academic accomplishments and thus did not receive recognition through those organizations which traditionally honor students for high academic achievement. While the principle objective of the Imhotep Society is to reward and recognize student leadership and service on campus, a secondary goal is to inspire students to continue leadership and service roles as alumni of the University.

# AMERICAN STUDENT DENTAL ASSOCIATION

2000-2001  
ASDA President  
Sabin Ewing

The American Student Dental Association is a national student-run organization which protects and advances the rights, interests, and welfare of students pursuing a career in dentistry. It represents students with a unified voice and provides information, education, advocacy, and services. The association introduces lifelong involvement in organized dentistry, and promotes change for the betterment of the profession.

# STUDENT NATIONAL DENTAL ASSOCIATION

*Standing:* Denean Carr, Tauheedah Muhammad, Joslyn Vann, Janeen Moore, Umekei Griffin, Kim Jones, Marquinet Gardner, Tarasha Posey, Candy Cole, Angela Howard, Osyria Webster, Reza Alemzadeh, JaSina Winton, Patrick McGee, Jason Battle, Kenya Larkins. *Seated:* Cory Newsom, Portia Grayson, Tanisha Moore, Darton Taylor, Yolonda Weaver, Joseph Ducksworth, Rodric Miller, Advisor Dr. Wailetha Wasson.

One great man once said, "Shoot for the moon and if you don't reach it, you will still be amongst the stars." The Student National Dental Association at University of Tennessee, Memphis has gone beyond the stars and the moon and is right now passing Mars! SNDA set goals for the year 1999-2000 that seemed to be insurmountable for an organization with so few members, but those goals were achieved beyond the expectation of the members and advisor. The UT SNDA Chapter set goals of taking the chapter to another level of unity, scholarship, recognition, and service on campus, locally, and nationally.

At the University of Tennessee, Memphis, SNDA has become more visible with unity amongst the members by participating in monthly meetings and in social and community functions. On campus SNDA has made the second floor of the GEB come to life with a monthly bulletin board that displayed the creativity of the students. SNDA also has taken a leadership role in unifying the minority organizations on campus, from the College of Medicine to the College of Pharmacy, in a spring Health Fair. Locally, SNDA has taken things to another level by organizing health fairs for children, geriatric patients, African-Americans, and Hispanics.

Lastly, SNDA has gone even higher nationally at the SNDA/NDA National Convention in Washington DC. This year, UT Memphis, SNDA Chapter was awarded "Chapter of the Year." But that wasn't all! Our Cory L. Newsom who held the title of Recording Secretary was elected as the President-elect and Rodric Miller was elected Regional Coordinator for Region 9, which includes dental schools from Tennessee, Kentucky, Louisiana, and Mississippi. SNDA has accomplished the goals set for the 1999-2000 school year by taking UT's chapter to another level on campus, locally, and nationally. But this is not the end, it is only the beginning. The 2000-2001 year promises to reach even higher heights!

Rodric Miller, 1999-2000 President

# XI PSI PHI FRATERNITY

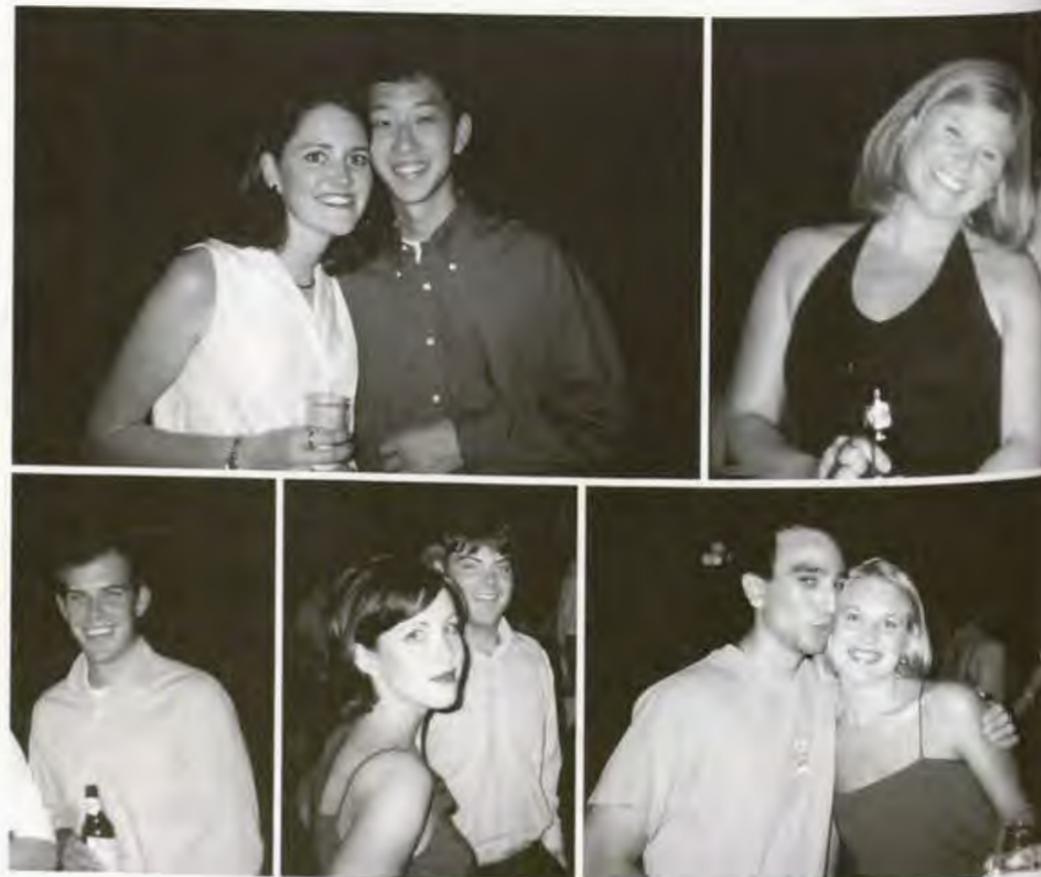

*Xi Psi Phi Fraternity, cordially known as the ZIPS, is a group of students and faculty representatives dedicated to the dental profession and to the promotion of organized dentistry throughout the dental education and beyond graduation.*

*Xi Psi Phi honors the principles of knowledge, morality, and fellowship, and its members stand by their motto: "Hospitality is the Life of Friendship."*

2000-2001 Officers

*Left to Right: Jay Davis (Treasurer), Fauzia Khan (Vice-Pres.), Mark Horne (Social Chair), Bob Lewis (Social Chair), Denny Lim (President), Angela Cameron (Secretary), Jay Owings (Pledgemaster), Michael Brooks (Rush Chair)*

# PSI OMEGA FRATERNITY

*Back Row:  
Bill Eggart (President)  
Matt Williams (Vice-Pres.)  
Brian Kruger (Social Chair)  
Patrick Fields (Random Member)  
Front Row:  
Alane Furlotte (Secretary)  
Kristen Knierim (Treasurer)*

*Psi Omega Fraternity was founded to establish a means for dental students to get to know one another and form lifelong friendships. The Psi-O's realize that there are aspects other than academics that are important for the well-rounded student. The UT chapter of Psi Omega aims to provide its members with a means of relaxation from studying with out interfering with academic standing...to balance education and recreation while in dental school.*

The Joint Biomedical Engineering (BME) program between the University of Tennessee Health Science Center and The University of Memphis allows students to obtain M.S. and Ph.D. degrees and concentrate in one of four different tracks: biomechanics, cell and tissue engineering, electrophysiology and medical imaging.

## ***Student life in the Joint Biomedical Engineering Program***

The student associations in the Joint Biomedical Engineering Program give students a variety of opportunities for development outside the classroom from teambuilding sessions (pictured at left, hosted by Dr. Steve Oehmen), to interviewing and resume seminars, to patent workshops.

Social events are also an important aspect of student life in the Joint Biomedical Engineering Program.

The new seminar format makes use of the newest technology to link students in Memphis with Biomedical Engineering students at the Knoxville campus. Satellite broadcasts bring us together over hundreds of miles for a common purpose.

# Biomedical Engineering

Ashish Aryal (president) and Nicolle Kramer (vice president) of the International Electrical and Electronic Engineers, inc./Engineering in Medicine and Biology Society (IEEE/EMBS) Joint University of Memphis and University of Tennessee Health Science Center chapter, Brainwave.

Anand Krishnamurthy (president) of the Biomedical Engineering Society (BMES) Joint University of Memphis and University of Tennessee Health Science Center chapter.

Brainwave and the BMES student organizations have co-sponsored many events for both professional development and social functions. Events are well attended by students from both campuses.

Amira Woharebbi

"Student societies function to bring together students and professionals who have educational, research, or practical experience in biomedical engineering or in an allied scientific field. Individuals can develop leadership abilities and professional qualities among the student members as well as providing an environment for social interaction and exchange of ideas between all levels of undergraduates, graduates, faculty, and other professionals."

# Alpha Omega Alpha

HONOR MEDICAL SOCIETY

Beta Chapter

THE UNIVERSITY OF TENNESSEE

*Alpha Omega Alpha is the only national honor society in the world. Its reason for being can be expressed in a phrase: to recognize and perpetuate excellence in the medical profession. As stated in the society's constitution. "Alpha Omega Alpha is organized for educational purposes exclusively and not for profit, and its aims shall be the promotion of scholarship and research in medical schools, the encouragement of a high standard of character and conduct among medical students and graduates, and the recognition of high attainment in medical science, practice, and related fields." ΑΩΑ elects outstanding medical students, graduates, alumni, faculty, and honorary members to its ranks. The society's key is designed after the Manubrium Sterni. The letters ΑΩΑ, engraved on the key, represent not only the name of the honor society, but the essential words in its motto:*

**Αξιπς ὠφελειν τοις ὀλγοῦντας**

**"To be worthy to serve the suffering"**

located on the campus of the University, the Alpha Beta chapter of Phi Chi is the largest chapter of the largest medical fraternity in the country. The goal of Phi Chi is to offer all medical students an opportunity to join an organization that will help them make the best of their medical school years. Each person who joins does so for their own reasons, and at all who join live in the house. However, every member has access to all the facilities Phi Chi has to offer. Members have been living at the house, New Baldur, since 1970. Phi Chi continues to provide a strong history of service, tradition and brotherhood.

The UT College Of Pharmacy Faculty are known nationwide for their contributions to pharmacy practice and pharmacy research. The area the rest of the country does not see, and the part that keeps UT College of Pharmacy ranked in the top 10 pharmacy schools in the nation consistently, are the relationships they strive to make with their students. Because of their bringing the teaching outside the classroom, whenever students graduate from UT, they have already made colleagues and friends for life.

The Student National Pharmaceutical Association (SNPhA) was founded in 1972 as the student affiliate of the National Pharmaceutical Association (NPhA). The first meeting was held on the campus of Florida A & M University, Tallahassee, FL. SNPhA is an education and service association of pharmacy students and high school affiliate members, concerned about pharmacy, and health care issues; and the need for greater minority representation in pharmacy and other health professions. The purpose of SNPhA is to plan, organize, coordinate and execute programs geared toward the improvement of the health, social, and educational environment of the community; while providing opportunities for professional development. The objective of SNPhA is to develop the role of minority health professionals as vital members of the health care team, to educate minority communities about better health care practices, and offer student members the opportunity to develop leadership skills. The members of The University of Tennessee Student National Pharmaceutical Association (SNPhA) are very active both on campus and in the community. Some civic activities include monthly blood pressure screenings, bone marrow drives, health fairs, and donating school supplies to local elementary schools.

Teresa Sawyers  
 Kappa Psi President

Kappa Psi was the first national pharmaceutical fraternity and it is the world's largest. The University of Tennessee is the home of the Psi chapter, and this year we celebrated our 75th Anniversary. For seventy-five years we have instilled four virtues in our brotherhood, *Industry, Sobriety, Fellowship, and High Ideas*, to advance the practice of pharmacy educationally, fraternally, socially, and professionally. Even with the low supply of the flu vaccine this year, there continued to be a need for volunteers. Kappa Psi helped give 3000 immunizations to the community. As Halloween 2000 approached, we kept with tradition when brothers transformed into various creatures to Trick-or-Treat for canned goods. This year about 500 cans were collected and donated to MIFA. Combined with the great education we receive at UT, Kappa Psi continues to help shape its brothers into being good practitioners, knowledgeable clinicians, and passionate healthcare providers that focus on the well-being of the patient.

Phi Delta Chi is a national coed professional pharmacy fraternity. It is the first pharmacy fraternity and was founded in 1883 at the University of Michigan in Ann Arbor. The Chapter at the University of Tennessee is the Omega Chapter, and it was the first pharmacy fraternity on this campus. The objective of Phi Delta Chi is to advance the science of pharmacy and to foster and promote a fraternal spirit among its members. This organization advocates brotherhood among its members and provides the pharmacy student with leadership skills and professional and social experiences to enhance their character. The members of Omega Chapter are very active both on campus and in the community. Some civic activities include monthly blood pressure screenings, holiday parties for the Loving Arms children, sponsorship of Forest Park, Habitat for Humanity, and the National Fund Raising Campaign for St. Jude Children's Research Hospital. The service activities are done along with the many faculty alumni here at UT. The benefits received from Phi Delta Chi include: Professionalism, Scholastic Encouragement, Social Awareness, Brotherhood and Fraternalism.

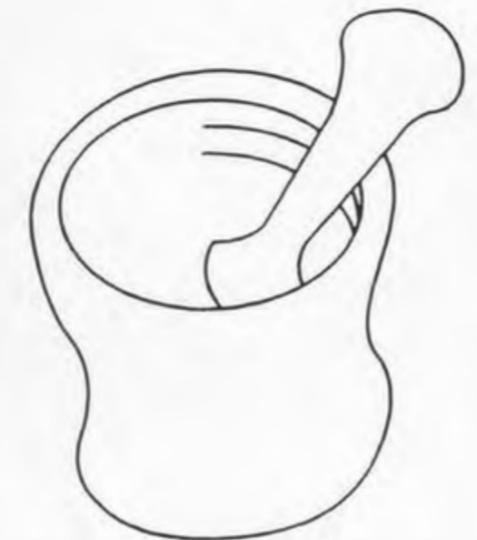

The pharmacy students at UT Memphis are a well-rounded group of individuals. Excelling in scholastics, leadership, and fraternity; the pharmacy students are always more than willing to be involved...
