Ceremonial Hestiatoreion at the hill-top sanctuary of Apollo Maleatas.

ASKLEPIEION
(ə-'sklē-pē-on)

Asklepieion is a word derived from the name of Aesculapius, the Greek god of medicine and healing. Aesculapius was honored and worshipped throughout the Greek world by persons seeking the healing powers of the physician. Temples were erected in honor of Aesculapius near healing springs or high mountains. Those who worshipped him were known as Aesculapae. Therefore, the temples in his honor were known as Aesculapions (Asklepieions). In the ancient city of Memphis, on the Nile River, there was a temple where people went for worship and for care. In our own city of Memphis, on the Mississippi River, people come to our Asklepieion for healing and care.

— Bill Robinson, Former Vice Chancellor, Student Affairs
The world of war hovered above the 2002-2003 academic year. America's war on terrorism in Afghanistan was mostly quiet but with periodic outbursts. Terrorist activities continued, however, including a suicide bombing in Bali that targeted American and Australian tourists. Tensions on the Korean peninsula increased as North Korea withdrew from international nuclear regulatory bodies. U.N. inspectors returned to Iraq but a major war seemed in the offing.

On February 1, 2003, the space shuttle Columbia exploded on re-entry killing all seven crew members. Among the astronauts were the first Israeli citizen and the first American of Indian descent.

Nothing so dramatic occurred on the campus of the University of Tennessee Health Science Center. Students continued classes, and to test and progress toward graduation. But there were changes afoot on the campus. The UT Cancer Center broke ground across Manassas from the campus. Baptist Hospital's gift of the Plaza Medical Buildings began to be utilized. Among the departments moving into the 910 Building were Student Affairs and Student Life in which the SGAEC office is located. The Student Alumni Center which housed so many activities was virtually closed and is undergoing a major renovation. Meanwhile, construction on the Trolley extension from downtown continued, causing something of a mess for students crossing Madison Avenue. The construction barrels gave a new meaning to the term UT Orange.

The University of Tennessee named John W. Shumaker as its new president. On the Memphis campus, Chancellor Bill Rice stepped down in Oct. 2002. Dr. Jim Gibb Johnson, longtime fixture around the Health Science Center and most recently Associate Vice President for Health Affairs, was named Interim Chancellor. SGAEC President, Andy Baker, was on the search committee for the next Chancellor.

The campus was saddened by the untimely death of third-year medical student, Scott Polk, in Dec. 2002.
Some SGAEC 2002–2003 Events & Projects

- Voter registration drive;
- Blood Drive, co-sponsored with LifeBlood;
- Raquetball Courts at Recreation Center refurbished through the campus improvement fund;
- SGAEC President served on Chancellor's Search Committee;
- Student Appreciation Day, Spring 2003;
- Black History Month event refreshments;
- Student Leadership Conference representatives to Knoxville;
- SGAEC Christmas Luncheon.

Of the many activities sponsored by the SGAEC, one of the most anticipated is the Annual Awards Banquet. The students of each college select faculty members to receive the Excellence In Teaching Award.

Award winners in the spring of 2002 included: Theora Evans (top right, on left), Social Work, presented by 2001-2002 SGAEC member Dawn Brown; Michael Kahn (top left, on right), Dentistry, presented by Shawn Lehman-Grimes; Melissa Tucker (bottom right, on left), Pharmacy, presented by Nikki Freeman; and Sherri Flax (bottom left, on left), Medicine, presented by Katherine Medley.

Other recipients were: Allied Health - Joseph C. Calloway, J. Stansill Covington; Dentistry - Lawson Schroeder; Graduate Health Sciences - Douglas Shanklin, Donna Hathaway; Medicine, Renga Vasu; Nursing - Michael Carter, Cheryl Stegbauer; and Pharmacy - William Green.
STUDENT LIFE

Even lunch is work

Framed in research

Yearbook decisions

Cottonfield rotation

If only all classes were like this

What it’s all about

New UT President John W. Shumaker (center) meets with student leaders.
Redbirds Night

On April 23, 2002, the SGAEC sponsored "Redbirds Night." UTHSC students made a trip to AutoZone Park to see the Memphis Redbirds in action. Besides the game itself, there was food, balloon hats, soft drinks and socializing.
STUDENT APPRECIATION DAY

Student Appreciation Day is one event eagerly anticipated by all UTHSC students. Set in April, it marks the return of nice weather. And, after being cooped up all winter, it offers an excuse to get outside and socialize. With graduation a mere two months away, it is a signpost of another completed school year. Primarily, Student Appreciation Day serves to remind students that they are appreciated by the University.

The 2002 Student Appreciation Day was held on Friday, April 5, in the “pit” between the SAC and the Recreation Center. As the Dempsey's Inc. played Memphis rock-n-roll, Corky's Bar-B-Q was served. Other activities included stress management massages by Jude Peckell, LMT; Henna Eastern Body art by Annapoorna Ayurvedic and balloon art.
It was about 25°, Thursday, December 5, 2002 when the SGAEC set up shop in the GEB lobby for the annual... Some 2 1/2 hours later, the temperature outside had barely risen, while inside there was nothing left of the donuts, fruits, pastries, coffee and hot chocolate but some crumpled cream and sugar packages, perhaps, a stray donut, and some tired SGAEC volunteer coffee makers.

On Friday, November 15, 2002, a group of UTHSC students met at the Flying Saucer in Peabody Place to unwind after a strenuous week of classes. The SGAEC sponsors several 5:00 o'clock Fridays each year. One purpose is for students from the various colleges to meet and get to know each other.
The Office of Campus Recreation is the focal point for recreational opportunities at the UTHSC. Physical activity plays a vital role in the development and maintenance of a “healthy, well-adjusted” individual. The diverse activities and programs offered by the Office of Campus Recreation are a means to educate participants, provide opportunities for recreational competition, provide social and personal interaction between students, provide assessment and guidance in the area of health-related fitness, provide opportunities for spouse and dependent participation, and to provide student leadership opportunities. Our diverse programs in Outdoor Adventures, Fitness & Wellness, Instructional Programs, and Intramural Sports help us provide participants with life long activities to help individuals in their quest to enjoy life to its fullest.

The Outdoor Adventures Program provides opportunities for personal challenge and discovery and an awareness of the impact of outdoor adventures on the environment. Our goal is to provide an enjoyable and worthwhile experience in outdoor activities by introducing participants to the many areas in the surrounding region. These skills can be transferred to our personal lives giving you the ability to take charge of your own circumstances, overcome fears, and to be more active in group decision-making.
The mission of the Intramural Sports Program is to provide our students, faculty, staff, and their spouses, with a variety of recreational opportunities in team, dual, and individual sports. The program exists to help students relieve stress, interact with students from other classes, get exercise, and introduce students to lifetime recreational activities.

The Fitness and Wellness Program of Campus Recreation offers many opportunities to enhance your personal health and wellness. Programs are designed to assist you in a variety of wellness-related topics including healthy eating, cardiovascular exercise, strength training, weight, stress, and time management, and personal health issues.

**IMHOTEP SOCIETY**

In 1980, the Imhotep Society became an officially recognized organization on campus, for the purpose of honoring students, faculty, staff, and alumni who have significantly contributed to student life and student process at UTHSC. It was recognized that many student leaders, in performing their functions and assignments, may have sacrificed high academic accomplishments and thus did not receive recognition through those organizations which traditionally honor students for high academic achievement. While the principle objective of the Imhotep Society is to reward and recognize student leadership and service on campus, a secondary goal is to inspire students to continue leadership and service roles as alumni of the University.

The 2002 Imhotep Society inductees are:

**Allied Health Sciences** - Shelley Brock, Heather Chabo, Lisa Gagliano, Brandon Gray, Holly Hancock, Heather Keen, Valerie Lathum, Amanda Minton, Beverly Robinson, Faune Salone, Nilam Shah, Barrett Shumaker, Lauren Sneed, Christy Thomas, Erika Williams

**Dentistry** - Melissa Armbrister, Andy Baber, Ryan Bowles, Angela Cameron, Chris Davis

**Graduate Health Sciences**

**Pharmacy** - April Cauthen, Kan Comkomruecha, Nikki Freeman, Mary Hatcher, Christie Kirk, Terria Jones, Natalie Parks, Neelima Pentapathy, Tracey Robinson, Susan Staggs

**Nursing** - Christopher Bell, Rebecca Rokonsky, Paula Todd

**Social Work** - Dawn Brown, Alyssia Shell

Then Chancellor Bill Rice was presented the Imhotep Award by Clad Price, SGCAE President 2001-2002 at the 2002 Banquet.

These 2002 inductees into the Imhotep Society were honored at the Awards Banquet on April 30, 2002. Other inductees were recognized at their December convocation.

American Student Dental Association

The American Student Dental Association (ASDA) is a national student-run organization which protects and advances the rights, interests, and welfare of students with a unified voice and provides information, education, advocacy, and services. The Association introduces lifelong involvement in organized dentistry, and promotes change for the betterment of the profession.

2002-2003 ASDA President
Andy Baber

Student National Dental Association

The Student National Dental Association (SNDA) was incorporated in 1972, over 50 years after its parent group, the National Dental Association. It was created to encourage minority dental students in the pursuit of a dental career. The SNDA addresses the needs and concerns of minority dental students. The organization serves as a support group for minority students and works to provide a national communications network among students as a means of improving the health-employment distribution among minority and ethnic groups. SNDA works closely with the National Dental Association and strives to educate and involve members in the social, moral, and ethical obligations of the dental profession. The University of Tennessee actively pursues the organization’s goals and is heavily involved in the recruitment of minority students. Social activities for members and service to the school and dental community are among the many areas addressed by the local SNDA chapter.

Above: JB Selveman, Chris Burke, Andrew McDaniel, and Andy Baber represented our Chapter at the ASDA Annual Session in Portland, Oregon (March 2003)
Psi Omega Fraternity was founded in 1892. The objectives of the fraternity are to maintain and advance the high standards of dentistry by instilling in its members the spirit of fraternal cooperation.

For Psi O members here at UTHSC, the fraternity provides a means of relaxation with friends and classmates who have similar interests and is a stimulating source of diversion without interfering with academic standing.

Xi Psi Phi Fraternity, cordially known as the ZIPS, is a group of students and faculty representatives dedicated to the dental profession and to the promotion of organized dentistry throughout the dental education and beyond graduation. Xi Psi Phi honors the principles of knowledge, morality, and fellowship, and its members stand by their motto: "Hospitality is the Life of Friendship."

The practice of medicine will be very much as you make it — to one a worry, a care, a perpetual annoyance; to another, a daily job and a life of as much happiness and usefulness as can fall to the lot of man, because it is a life of self-sacrifice and of countless opportunities to comfort and help the weak-hearted, and to raise up those that fall.

— Sir William Osler
The art of medicine consists of amusing the patient while nature cures the disease. — Voltaire
Alpha Omega Alpha is the only national honor society in the world. Its reason for being can be expressed in a phrase: to recognize and perpetuate excellence in the medical profession. As stated in the society's constitution: "Alpha Omega Alpha is organized for educational purposes exclusively and not for profit, and its aims shall be the promotion of scholarship and research in medical schools, the encouragement of a high standard of character and conduct among medical students and graduates, and the recognition of high attainment in medical science, practice, and related fields." AOA elects outstanding medical students, graduates, alumni, faculty, and honorary members to its ranks. The society's key is designed after the Manubrium Sterni. The letters AQA, engraved on the key, represent not only the name of the honor society, but the essential words in its motto:

Αξίας ώφελειν τοις υλγούντας

"To be worthy to serve the suffering"

Patience is as rare and mighty thing, as wise, glorious triad, often enough obscured by failure, ease to ensue when days gone by the gruel our hearts our vanities our despair.

Pharmacy Organizations

PSGA

 Honor Council

The University of Tennessee, College of Pharmacy provides an excellent environment for the growth of new leaders. The skills acquired while these students are in school form the mold not only for excellent pharmacists, but also for the leaders of tomorrow.
The Student National Pharmaceutical Association (SNPhA) was founded in 1972 as the student affiliate of the National Pharmaceutical Association (NPhA). Its first meeting was held on the campus of Florida A&M University, Tallahassee, FL. SNPhA is an education and service association of pharmacy students and allied professionals. The purpose of SNPhA is to plan, organize, coordinate and execute programs geared toward the improvement of the health, social, and educational environment of the community, while providing opportunities for professional development. The objective of SNPhA is to develop the role of minority professionals as vital members of the health care team, to educate minority communities about better health care practices, and offer underrepresented students the opportunity to develop leadership skills. The members of The University of Tennessee Student National Pharmaceutical Association (SNPhA) carry out both on campus and in the community. Some activities include monthly blood pressure screenings, bone marrow drives, health fairs, and donating school supplies to local elementary schools.
Phi Delta Chi is a national coed professional pharmacy fraternity. It was founded in 1883 at the University of Michigan in Ann Arbor. The Chapter at the University of Tennessee is the Omega Chapter, and it was the first pharmacy fraternity on this campus. The objective of Phi Delta Chi is to advance the science of pharmacy and to foster and promote a fraternal spirit among its members. This organization advocates brotherhood among its members and provides the student fraternity with leadership skills and professional and social experiences to enhance their character. The members of Phi Delta Chi are very active both on campus and in the community. Some civic activities include monthly blood pressure Jude holiday parties for the Loving Arms children, Habitat for Humanity, and the National Fund Raising Campaign for St. Jude Children's Research Hospital. The service activities are done along with the many faculty alumni here at UT. The benefits received from Phi Delta Chi include: Professionalism, Scholarly Encouragement, Social Awareness, Brotherhood and Fraternity.
Top Ten Reasons to be a Social Worker:

1. Keep out of higher income tax brackets
2. Analyze your friends and family for free
3. Ability to do a genogram & ecomap in your sleep
4. Get to spend time with really interesting people
5. Know your community inside and out
6. See the world from many different perspectives
7. Be in an Action/change oriented profession
8. Dedicated to social and economic justice
9. Making the world a better place
10. Helping people is just plain cool

Social Work
Extended Study is the College of Social Work's part-time program. The program allows students to work while pursuing a Masters in Social Work, to devote time to a family, or just to take the program a little slower.

Note: all 2nd year Extended Study students are pictured.
Memphis City School Project

This project involves interdisciplinary teams, comprised of students and faculty from the College of Medicine, Pharmacy, Nursing, Dentistry, Allied Health, and Social Work. The students and faculty meet with eight different Memphis City Schools. The teams will design and implement learning activities in science and health that accommodate the curricular needs of the school.

Commitment to Cultural Diversity & Social Justice:

- "ACT TO PREVENT AND ELIMINATE DOMINATION OF, EXPLOITATION OF, AND DISCRIMINATION AGAINST ANY PERSON, GROUP, OR CLASS ON THE BASIS OF RACE, ETHNICITY, NATIONAL ORIGIN, COLOR, SEX, SEXUAL ORIENTATION, AGE, MARITAL STATUS, POLITICAL BELIEF, RELIGION, OR MENTAL OR PHYSICAL DISABILITY" NASW Code of Ethics, 6.04
- Practice within the defining principles "of service, social and economic justice, dignity and worth of the person, importance of human relationships, and integrity and competence" (CSWE, Educational Policy, Purposes, 1.0).
- "...enhance human well-being and alleviate poverty, oppression, and other forms of social injustice" (CSWE, Educational Policy, Purposes, 1.0).
- "...develop and apply practice in the context of diverse cultures" (CSWE, Educational Policy, Purposes, 1.0)
