- Inclement Weather - AST does not have an inclement weather policy. For UTHSC's residents, the UTHSC GME policy clearly defines how to handle regardless of site - the PD is the only person who can approve a resident to stay home due to inclement weather. Based on Dr. Bettin's 2/15/2021 email, it seems that the UTHSC policy along with the update/highlights should be sufficient and applicable for the Nashville/Mboro campus.
