## M2 - M2027 SPRING Exam Schedule (2025)

➤ *Your Testing Groups have not changed.*

### Assessment Dates

Your Assessments are administered through EXAMPLIFY and will have approximately 100-125 questions. The exams will last anywhere from 2½ -3 hours with 80 seconds per question. Assessments are scheduled in the C109 Computer Lab located in the GEB. Students are randomly assigned to a Testing Group and these groups will alternate testing times. There are no exceptions to this policy (see Time Change Request on the right).

You should arrive NO LATER than 5 minutes prior to your exam time. We may begin the exam promptly at the scheduled start time or earlier. Failure to report to the exam location on time may result in not being allowed to take the exam at that time and will have to be rescheduled.
