## M2 - Class of 2025 Spring Exam Schedule (2023)

➤ *Your Testing Groups have not changed*

### M2 Assessments Time Frames

#### Assessment Dates

Your Exams are administered through Exemplify and will have approximately 100-125 questions. The exams will last 2 ½ - 3 hours with 80 seconds per question.

Exams are scheduled in the **C109 Computer Lab located in the GEB**. Students are randomly assigned to one of two Testing Groups and these groups will alternate testing times. There are no exceptions to this policy.

You should arrive **NO LATER** than 5 minutes prior to your exam time. We may begin the exam promptly at the scheduled start time or earlier. Failure to report to the exam location on time may result in not being allowed to take the exam at that time and will have to be rescheduled.

Asmt #	Date	Group 1	Group 2

Asmt 18	02/09/23	11:00 AM	7:30 AM

You must notify Dr. Cantrell, Ms. McQueen, & Course Directors immediately to reschedule for emergencies or acute illness. Students are allowed to request to switch to another test group once per semester. Requests should be submitted to Dr. Cantrell via email at least 2 weeks prior to your assessment date. Requests are approved on a case-by-case basis and must be justified. Acceptable reasons to swap test groups include things like out-of-town travel or difficult to schedule/urgent medical appointments. Scheduled preceptor visits, meetings with your research team, or other extracurricular activities do not qualify. These things should not be scheduled on assessment days. If your request is approved, you will be responsible for finding a fellow student to swap with you.

*Your request is **pending** until Dr. Cantrell has confirmed the change.*

*If you have a last minute emergency on test day, you must contact Ms. McQueen as soon as possible via Phone Call, Text Message, or E-mail.*
