

**Department of Medicine and
ΑΩΑ Medical Student
Virtual Research Symposium and Poster Presentations**

**April 21-23, 2021
Medical Grand Rounds Presentations, April 21, 8-9 AM
On-line Interactive Poster Presentations, April 21-23**

**Abstract and PowerPoint/Poster Submission Deadline:
March 31, 2021**

The Department of Medicine and ΑΩΑ Beta TN Chapter are once again joining forces for the 2021 Research Day(s). The UTHSC IT Department has developed a unique web-based platform for presentation of posters or PowerPoint slides. Each page will contain your abstract, poster or slide presentation, an interactive “chat box”, and an optional user-created YouTube video presentation.

Abstract submissions are invited from all UTHSC medical students and Department of Medicine residents, fellows, and faculty. Please submit an abstract of research results that will be displayed as a digital poster or power point slide deck on-line during the event. The web site will be live for the UTHSC campus April 21-23 and presenters can interact with participants via the chat box at their convenience. Research results that have been presented or published within the previous year may be submitted. Prizes will be awarded for the top abstracts from fellows, residents, and students. The top abstracts from each trainee category will be presented orally via Zoom during Medical Grand Rounds on April 21. ALL OTHER ABSTRACTS SUBMITTED WILL BE PRESENTED AS POSTERS on-line.

Submit the following by MARCH 31ST:

1. A one-page abstract in Word format, single spaced in Arial 11 font, **BOLD** the title, and indicate in **BOLD** the abstract presenter. The presenter must be the first author. Below the body of the abstract, indicate if the presenter is a student, resident or fellow. **ONLY ONE ABSTRACT PER PRESENTER** (although one individual may be a co-author on multiple abstracts).
2. A PDF of your poster or a PDF of a PowerPoint presentation (10-12 slides) describing your project. Include title page, introduction, methods, results with figures and tables, and discussion.
3. An optional 3-4 minute YouTube video describing your work. Select “UNLISTED” on the visibility screen and submit the URL with the abstract and PP.
4. Send all of the above any time prior to the deadline to: jbdale@uthsc.edu
