**PRACTICE/PROFESSIONAL EXPERIENCE:**

<b>Date</b>	<b>Institution/Description</b>	<b>Location</b>
10/20-4/21	<p>Methodist Healthcare Affiliated</p> <p>Individual licensed provider in the nurse practitioner role, managing various cold, flu and symptoms of COVID-19, skin conditions and other respiratory related diagnoses in an Employer Health facility. Pioneered developing processes and protocols for clinic flow and productivity including COVID-19 return to work process and protocol.</p>	Memphis, TN
9/16-4/21	<p>Methodist Comprehensive Sickle Cell Center</p> <p>Individual licensed provider managing a preventative and infusion sickle cell center. Facilitated in the capacity of interim operations manager in addition to providing on-going, direct patient care in a preventative and acute care outpatient clinic for adults with sickle cell disease. Pioneered a multidisciplinary clinical team to establish clinic flow, protocols and improved productivity. Involvement in clinical research as co-investigator for the advancement of the field in accordance with UTHSC IRB. The goal is to promote appropriate utilization through timely crisis treatment and proactive preventative care to improve health outcomes and quality of life for each patient.</p>	Memphis, TN
8/11-9/16	<p>Methodist LeBonheur Healthcare-University</p> <p>Facilitate patient care as Nurse Practitioner team lead for an inpatient service line that collaborates with team members of all disciplines to prepare patients for safe hospital discharge. Coordinated safe patient discharge by performing physical exams, reviewing and addressing abnormal labs, writing prescriptions that are needed for home medications, complying with CMS measures and ensuring that patients are discharged with the appropriate medications in compliance with CMS guidelines as well as coordinating follow-up appointments with various disciplines for continuity</p>	Memphis, TN

of care. Direct involvement with monitoring barriers to discharge and decreasing hospital length of stay (LOS) days. My expertise affords me the opportunity to diagnose, manage, and treat acutely ill patients with various co-morbidities and mental health illnesses in acute care and outpatient settings.

11/09-11/12                      Take Care Health Services                      Memphis, TN

Diagnose and treat various cold and flu symptoms, skin conditions, respiratory issues and administering various vaccinations. Tasks were accomplished functioning as the sole provider staffed at the clinic. These duties exemplified self-efficiency in managing a self- standing retail clinic.

12/08-11/09                      Christ Community Health Services                      Memphis, TN

Diagnose, treat, and manage various disease processes to individuals throughout the lifespan from infancy to geriatric. Focal population is Medicare and Medicaid recipients with multiple co-morbidities. Responsibilities include but were not limited to managing chronic illnesses including diabetes mellitus, hypertension, dyslipidemia, CHF, respiratory illnesses, mental health illnesses and annual exams.

3/08-12/08                      Saint Francis Hospital                      Memphis, TN

Registered nurse on a Labor and Delivery unit. Spearheaded managing care of patient during laboring and delivery process including circulating the operating room during surgery.

1/07-3/08                      Methodist LeBonheur Healthcare                      Germantown, TN

Registered nurse on a Labor and Delivery unit. Spearheaded managing care of patients during laboring and delivery process including circulating the operating room during surgery.

9/04-12/05                      University of Tennessee Boling Center for Developmental Disabilities                      Memphis, TN

Developed processes to interview and collect data from parents of children admitted to LeBonheur Children's Medical Center. The purpose of data collection was to assess children with various child development screenings, and to evaluate if child had any developmental delays. Data was collected, stored in database, analyzed for further research and published. This was a grant funded position.

### CLINICAL TEACHING EXPERIENCE:

Institution	Position	Year
Methodist Sickle Cell Center	Preceptor-DNP Student (180 hours)	2021
Methodist Sickle Cell Center	Preceptor-DNP Student (60 hours)	2020
Methodist Sickle Cell Center	Preceptor-DNP Student (180 hours)	2020
