
University of Tennessee Health Science Center

COURSE TRANSFER

The University of Tennessee Health Science Center (UTHSC) awards transfer credits based on defined and published policies for evaluating, awarding, and accepting credits from another academic institution and/or based on established practices for recognizing relevant prior life experiences. In order to officially accept transfer credits that fulfills requirements for a current degree program; please submit an official transcript showing the course to be transferred and UTHSC equivalent course(s) to be accepted. Grades from these courses will be important for determining the acceptability of credits but not for determining the final GPA for the program.
