

## Simulation Instructor Courses

National experts from SimHealth Group will be onsite in February delivering instructor courses. If you are interested, please email Teresa Britt at **[tbritt2@uthsc.edu](mailto:tbritt2@uthsc.edu)**

### **Foundations of Simulation**

**Feb 12-13**

8a-5p each day

Targeted towards the novice and advanced beginner, this course covers basics of simulation methodology.

### **Standardized Patient Methodology**

**Feb 14-15**

8a-5pm Feb 14

8a-12pm Feb 15

This custom course will focus on best practices in standardized patient methodology and course development

There is no fee for attendance, but you must email to enroll as there are a limited number of seats. All courses will take place at CHIPS - 26 S Dunlap.
