

**UTHSC - General Surgery Clinical Rotation G&O**

**Sponsoring Institution: MLH    Site: MUH    Rotations: Transplant Surgery    PGY 3**

**Rotation Objectives**

By the end of the Transplant Surgery rotation at MUH, PGY 3 residents are expected to achieve the following objectives based on the six general competencies. The resident should exhibit an increasing level of responsibility and independency as he or she progresses throughout the year. Since competencies learned or mastered in the first year of residency are competencies required for a successful surgeon, the second year resident will demonstrate achieved objectives in year one with expanded knowledge, more efficiency in performance of procedures, and additional knowledge in pathophysiology encompassing more complex disorders.

Competency	Required Skill(s)	Teaching Method(s)	Formative Evaluation Method(s)	Frequency of Evaluation
Patient Care	<b>SPECIALTY SPECIFIC OBJECTIVES</b>			
	Perform, under direct supervision: <ul style="list-style-type: none"> <li>• access for dialysis – fistula and graft</li> <li>• surgery for parathyroid disease secondary to renal failure</li> <li>• peritoneal dialysis catheter placement</li> </ul>	Clinical Teaching Conferences/Didactics Self Directed Learning	Focused Observation Global Rating Mock Oral Exam	Daily Monthly Annually
	Assist in performance of liver, kidney, and pancreatic transplant	Clinical Teaching Conferences/Didactics Self Directed Learning	Focused Observation Global Rating Mock Oral Exam	Daily Monthly Annually
	Post-operative care of renal and hepatic transplant patients	Clinical Teaching Conferences/Didactics Self Directed Learning	Focused Observation Global Rating Mock Oral Exam	Daily Monthly Annually
	Demonstrate understanding of cadaver donor procurement	Clinical Teaching Conferences/Didactics Self Directed Learning	Focused Observation Global Rating Mock Oral Exam	Daily Monthly Annually
Medical Knowledge	<b>SPECIALTY SPECIFIC OBJECTIVES</b>			
	Understand clinical and laboratory basis for the diagnosis of: <ul style="list-style-type: none"> <li>• renal failure</li> <li>• fluid overload</li> <li>• electrolyte abnormalities</li> </ul>	Clinical Teaching Conferences/Didactics Self Directed Learning Simulators Journal Club	Focused Observation Global Rating Mock Oral Exam ABSITE	Daily Monthly Annually Annually
	Understand urgent treatment of hyperkalemia. Indication for urgent dialysis in acute and chronic renal failure	Clinical Teaching Conferences/Didactics Self Directed Learning Simulators	Focused Observation Global Rating Mock Oral Exam ABSITE	Daily Monthly Annually Annually

		Journal Club		
	Understand mechanism of action, dosing (induction and maintenance) and toxicity of immunosuppressants	Clinical Teaching Conferences/Didactics Self Directed Learning Simulators Journal Club	Focused Observation Global Rating Mock Oral Exam ABSITE	Daily Monthly Annually Annually
	Understand diagnosis and initial workup/treatment of febrile illness in transplant recipients	Clinical Teaching Conferences/Didactics Self Directed Learning Simulators Journal Club	Focused Observation Global Rating Mock Oral Exam ABSITE	Daily Monthly Annually Annually
	Understand balance if infection/rejection in the care of transplant recipients	Clinical Teaching Conferences/Didactics Self Directed Learning Simulators Journal Club	Focused Observation Global Rating Mock Oral Exam ABSITE	Daily Monthly Annually Annually
Practice Based Learning and Improvement	<b>SPECIALTY SPECIFIC OBJECTIVES</b>			
	See General Surgery Objectives for a comprehensive list.			
	Develop a personal program of self-study and professional growth with guidance from the teaching staff and faculty advisor.	Journal Club Research Project M & M Conference	Focused Observation Global Rating Procedure Log	Daily Monthly  Quarterly
	Participate in teaching and organization of the educational conferences and activities of the Department of Surgery and assume responsibility for teaching and supervision of more junior surgical housestaff and medical students.
