

UTHSC - General Surgery Clinical Rotation G&O

Sponsoring Institution: Regional One Health (ROH)

Site: ROH

Rotations: Trauma/GS

PGY 3

By the end of the Trauma/General Surgery rotation at the ROH, PGY 3 residents are expected to achieve the following objectives based on the six general competencies. The resident should exhibit an increasing level of responsibility and independency as he or she progresses throughout the year. Since competencies learned or mastered in the first two years of residency are competencies required for a successful surgeon, the third year resident will demonstrate achieved objectives in previous years with expanded knowledge, more efficiency in performance of procedures, and additional knowledge in pathophysiology encompassing more complex disorders.

Competency	Required Skill(s)	Teaching Method(s)	Formative Evaluation Method(s)	Frequency of Evaluation
Patient Care	SPECIALTY SPECIFIC OBJECTIVES			
	Under direct supervision, perform the following surgical procedures: <ul style="list-style-type: none"> • open or laparoscopic cholecystectomy • right colectomy, splenectomy • gastrostomy, jejunostomy, colostomy • breast biopsy/mastectomy • small bowel resection 	Clinical Teaching Conferences/Didactics Self Directed Learning	Focused Observation Global Rating 360 Degree Mock Oral Exam	Daily Monthly Monthly Annually
Medical Knowledge	SPECIALTY SPECIFIC OBJECTIVES			
	Evaluation and management of the outpatient surgical and trauma patient	Clinical Teaching Conferences/Didactics Self Directed Learning Simulators Journal Club	Focused Observation Global Rating 360 Degree Mock Oral Exam ABSITE	Daily Monthly Monthly Annually Annually
	Management of ICU patients <ul style="list-style-type: none"> • ventilator management • multiple system organ failure • pneumonia and other infections • coagulation disorders • nutritional assessment 	Clinical Teaching Conferences/Didactics Self Directed Learning Simulators Journal Club	Focused Observation Global Rating 360 Degree Mock Oral Exam ABSITE	Daily Monthly Monthly Annually Annually
	Evaluation of the acute trauma and general surgical patient	Clinical Teaching Conferences/Didactics Self Directed Learning Simulators Journal Club	Focused Observation Global Rating 360 Degree Mock Oral Exam ABSITE	Daily Monthly Monthly Annually Annually
	Refine understanding of the manifestations of <ul style="list-style-type: none"> • GI tract malignancy 	Clinical Teaching Conferences/Didactics	Focused Observation Global Rating	Daily Monthly

	<ul style="list-style-type: none"> • biliary and pancreatic disease • skin and soft tissue disease • benign and malignant breast disease 	Self Directed Learning Simulators Journal Club	360 Degree Mock Oral Exam ABSITE	Monthly Annually Annually
